

Further to the statement published on 19 April 2010, this is a reminder to all Eligible Market Participants (as defined in the Determinations Committees Rules) that the deadline for submitting any challenges to the items set out in the [List of Potential Name Changes](#) is **close of business in London this Thursday 20 May**.

Any Eligible Market Participant that considers that an event on the List of Potential Name Changes was, in fact, a Succession Event should contact the DC Secretary at dcsecretary@isda.org before this deadline passes providing information supporting that view to enable the EMEA DC to consider the issue.
