

2026 ARDAGH PACKAGING FINANCE PLC CREDIT DERIVATIVES AUCTION SETTLEMENT TERMS

published on [●] 2026

by DC Administration Services, Inc. ("**DCAS**") on behalf of the International Swaps and Derivatives Association, Inc.¹

Any capitalized term used but not defined in these 2026 Ardagh Packaging Finance PLC Credit Derivatives Auction Settlement Terms (these "**Credit Derivatives Auction Settlement Terms**") shall have the meaning given to the relevant capitalized term in (a) the 2014 ISDA Credit Derivatives Definitions (the "**2014 Definitions**") (as published by the International Swaps and Derivatives Association, Inc. ("**ISDA**")) or (b) the Credit Derivatives Determinations Committees Rules, as amended from time to time and as most recently published by the DC Secretary on behalf of ISDA on the DC Website as of the date hereof (the "**Rules**"), as applicable. In the event of any inconsistency between the 2014 Definitions and these Credit Derivatives Auction Settlement Terms, these Credit Derivatives Auction Settlement Terms shall govern.

For purposes of Article VI (Terms Relating to Auction Settlement) of the 2014 Definitions, the DC Secretary has published these Credit Derivatives Auction Settlement Terms on behalf of ISDA to enable parties to Auction Covered Transactions to settle such Auction Covered Transactions based upon an Auction Final Price determined according to an auction procedure on the terms set out below.

In circumstances where these Credit Derivatives Auction Settlement Terms are published following (a)(i) a Restructuring for the purpose of settling Credit Derivative Transactions incorporating the Updated 2003 Definitions for which "Restructuring Maturity Limitation and Fully Transferable Obligation Applicable" or "Modified Restructuring Maturity Limitation and Conditionally Transferable Obligation Applicable", as applicable, is specified in the related Confirmations, or (ii) an M(M)R Restructuring in the case of a Credit Derivative Transaction incorporating the 2014 Definitions, and (b) more than one Designated Range of Scheduled Termination Dates is specified in Schedule 1, these Credit Derivatives Auction Settlement Terms shall be construed as constituting two or more separate sets of Credit Derivatives Auction Settlement Terms, each referencing a different set of Permissible Deliverable Obligations, each specifying a different Designated Range of Scheduled Termination Dates, each specifying a different Maximum Initial Market Bid-Offer Spread and each relating to a separate set of Auction Covered Transactions, in each case as set out in Schedule 1, but each otherwise identical in all respects (except as otherwise specified). Otherwise, these Credit Derivatives Auction Settlement Terms shall be construed as constituting a single set of Credit Derivatives Auction Settlement Terms.

The procedures set forth in these Credit Derivatives Auction Settlement Terms shall be conducted by the Administrators separately for each set of Auction Covered Transactions (each such auction procedure for purposes of the relevant set of Credit Derivatives Auction Settlement Terms, an "**Auction**"), except that, if there is more than one Auction, the procedures set forth in Sections 1 and 2 of these Credit Derivatives Auction Settlement Terms shall be conducted once and applied to each Auction.

¹ DCAS has been appointed by ISDA as the DC Secretary pursuant to the Rules. These Credit Derivatives Auction Settlement Terms are published on behalf of ISDA by the DC Secretary on the DC Website pursuant to the requirement of Section 6.7 of the 2014 Definitions.

1 **List of Participating Bidders**

On or before the later of (a) the Business Day following the date of publication of these Credit Derivatives Auction Settlement Terms and (b) the Business Day prior to the Originally Scheduled Auction Currency Fixing Date, the Administrators will publish one or more lists of the institutions that will act as participating bidders (each such institution, a "**Participating Bidder**"), which lists will consist of (i) each Global Dealer Voting Member, Global Dealer Consultative Member, Regional Dealer Voting Member and Regional Dealer Consultative Member that is a Convened DC Member of the relevant Convened DC (unless the Administrators are otherwise notified by any such Convened DC Member that such Convened DC Member does not intend to participate in the Auction, in which case such Convened DC Member will not be included on the list of Participating Bidders published by the Administrators) and (ii) any other institution that submits to the DC Secretary a Participating Bidder Letter that (A) is effectively received by the DC Secretary no later than 3:00 p.m. London time on [6] March 2026; (B) is approved by the relevant Convened DC pursuant to Section 3.2(b)(ii) of the Rules; and (C) has been admitted to participate in the Auction by the Relevant Creditex Entity in accordance with such entity's requirements (including, without limitation, (I) being located in a jurisdiction that the Administrator has determined it is lawful for the Administrator to provide the services required of it under these Credit Derivatives Auction Settlement Terms into; and (II) executing such further documentation as the Administrator may reasonably request to facilitate such lawful access), provided in each case that each such institution (or an Affiliate of such institution) either (x) has executed a joinder agreement to any applicable shareholders agreement; or (y) intends to execute such a joinder agreement if it becomes party to a Representative Auction-Settled Transaction following the Auction, in each case such that the institution (or the relevant Affiliate of such institution) is able to Deliver and take Delivery of the assets forming part of the Composite Package in respect of the SUNs (whether directly or in accordance with the provisions herein relating to designees herein).

For the avoidance of doubt, a Participating Dealer Institution which does not participate in the Auction as a Participating Bidder because it has not executed a joinder agreement and does not intend to execute a joinder will not have an entry added to the List of Missed Auctions, nor be required to exercise its exemption under Section 1.10(f) (*Auction Exemption for Global Dealer Voting Members and Regional Dealer Voting Members*) of the DC Rules.

Following the initial publication of the list of Participating Bidders but prior to the Auction Date, the Administrators may publish revisions to such list to add further Participating Bidders or remove previously included Participating Bidders.

2 **Determining the Auction Currency Rate**

On the relevant Auction Currency Fixing Date, the Administrators will determine the rate of conversion (each, an "**Auction Currency Rate**") as between the Relevant Currency and the currency of denomination of each Deliverable Obligation (a "**Relevant Pairing**") as follows:

- (a) **Currency Rate Source.** Where it is possible for the Administrators to determine the rate of conversion for a Relevant Pairing by reference to the Currency Rate Source² on the relevant Auction Currency Fixing Date, the relevant rate of conversion shall be the Auction Currency Rate for such Relevant Pairing.
- (b) **Currency Rate Source Unavailable.** On the relevant Auction Currency Fixing Date, the Administrators will determine whether an Auction Currency Rate can be determined for any Relevant Pairing in accordance with Section 2(a) of these Credit Derivatives Auction Settlement Terms. If the Administrators are not able to determine an Auction Currency Rate for any Relevant Pairing in accordance with Section 2(a) of these Credit Derivatives Auction Settlement Terms on such Business Day, then on the immediately following Business Day the Administrators will determine whether an Auction Currency Rate can be determined for any

² The reference to "WM/Reuters" in the 2014 Definitions should be read as "WM/Refinitiv" following a change to the name of the benchmark.

Relevant Pairing in accordance with Section 2(a) of these Credit Derivatives Auction Settlement Terms and otherwise the Administrators will determine the Auction Currency Rate for each such Relevant Pairing as follows:

- (A) Between 1:45 p.m. and 2:00 p.m. Relevant City Time on any such Business Day (in the case where the Relevant Transaction Type is included in the Americas), or between 8:45 a.m. and 9:00 a.m. Relevant City Time on the Business Day following any such Business Day (in the case where the Relevant Transaction Type is included in any Region other than the Americas), the Administrators will seek to obtain from each Participating Bidder, and each Participating Bidder may submit, the mid-market rate of conversion, determined by each such Participating Bidder in a commercially reasonable manner, for each such Relevant Pairing.
- (B) If more than three such rates are obtained by the Administrators, the Auction Currency Rate will be the arithmetic mean of such rates, without regard to the rates having the highest and lowest values. If exactly three rates are obtained, the Auction Currency Rate will be the rate remaining after disregarding the rates having the highest and lowest values. For this purpose, if more than one rate has the same highest or lowest value, then one of such rates shall be disregarded. If fewer than three rates are obtained, it will be deemed that the Auction Currency Rate cannot be determined for such Relevant Pairing.
- (c) **Publication of Auction Currency Rate.** If the Administrators determine an Auction Currency Rate for each Relevant Pairing in accordance with either Section 2(a) or 2(b) of these Credit Derivatives Auction Settlement Terms, the Administrators will publish on the Auction Results Website such Auction Currency Rates as soon as is reasonably practicable following determination thereof, but in no event later than 3:00 p.m. Relevant City Time (in the case where the Relevant Transaction Type is included in the Americas) or 10:00 a.m. Relevant City Time (in the case where the Relevant Transaction Type is included in any Region other than the Americas), in each case, on the Business Day prior to the Auction Date (or as soon as possible thereafter in the case where Section 13 of these Credit Derivatives Auction Settlement Terms apply).
- (d) **Inability to Determine Auction Currency Rate.** If the Administrators are unable to determine an Auction Currency Rate for each Relevant Pairing in accordance with Sections 2(a) and 2(b) of these Credit Derivatives Auction Settlement Terms, Section 13(b) of these Credit Derivatives Auction Settlement Terms shall apply.

3 Customer Physical Settlement Requests

Any customer that wishes to submit a Customer Physical Settlement Request must submit a Customer Physical Settlement Request Letter to a Participating Bidder or PB Auction Affiliate no later than 5:00 p.m. Relevant City Time on the Business Day prior to the Auction Final Price Determination Date (provided that a Participating Bidder or its PB Auction Affiliate may elect, in its sole discretion, to accept a Customer Physical Settlement Request Letter at any later time prior to the commencement of the Initial Bidding Period).

Each Customer Physical Settlement Request submitted to a Participating Bidder or PB Auction Affiliate must be, to the best of the relevant customer's knowledge and belief, on the same side of the market as, and (when aggregated with all other Customer Physical Settlement Requests, if any, submitted by such customer and/or the Affiliates of such customer to one or more other Participating Bidders or the PB Auction Affiliates of such other Participating Bidders) not in excess of, such customer's Market Position.

If a customer has a trading relationship under a Governing Master Agreement with a Participating Bidder or its PB Auction Affiliate, then such Participating Bidder will either (a) directly accept a Customer Physical Settlement Request from such customer; or (b) procure that the relevant PB

Auction Affiliate accepts such Customer Physical Settlement Request, provided that such Participating Bidder or PB Auction Affiliate accepting such Customer Physical Settlement Request (i) would not, in the discretion of the Participating Bidder and/or the relevant PB Auction Affiliate, breach any applicable law or regulation (taking into account such Participating Bidder or PB Auction Affiliate's relevant regulatory authorizations and permissions at such time); (ii) would not, in the discretion of the Participating Bidder or PB Auction Affiliate, as applicable, cause any credit limits established by such Participating Bidder or PB Auction Affiliate with respect to such customer that are in effect at the time of the receipt of such Customer Physical Settlement Request to be exceeded, and (iii) is no larger than, and is on the same side of the market as, such customer's Dealer-Specific Market Position with respect to the relevant Participating Bidder and/or the Affiliates of such Participating Bidder (in aggregate).

A Participating Bidder may elect, in its sole discretion, to accept, or procure that a PB Auction Affiliate accepts, a Customer Physical Settlement Request that is larger than (or on the opposite side of the market as) the relevant customer's Dealer-Specific Market Position with respect to such Participating Bidder and/or the Affiliates of such Participating Bidder (in aggregate).

This provision is subject to the exceptions, qualifications and requirements set out at "*Terms relating to Composite Package – Submission of Customer Physical Settlement Requests and Customer Limit Order Submissions*" of Schedule 2 to these Auction Settlement Terms.

4 **Initial Market Submissions and Dealer Physical Settlement Requests**

During the Initial Bidding Period, each Participating Bidder shall submit to the Administrators an Initial Market Submission and may submit to the Administrators a Physical Settlement Request (which Physical Settlement Request will equal the aggregate of the relevant Participating Bidder's Dealer Physical Settlement Request and all valid Customer Physical Settlement Requests, if any, that the relevant Participating Bidder and/or one or more of its PB Auction Affiliates receives and accepts from customers pursuant to Section 3 of these Credit Derivatives Auction Settlement Terms). Each Dealer Physical Settlement Request must be, to the best of the relevant Participating Bidder's knowledge and belief, on the same side of the market as, and not in excess of, the Market Position of such Participating Bidder and/or the Affiliates of such Participating Bidder.

Where a Participating Bidder or its PB Auction Affiliate that is entering into Representative Auction-Settled Transactions is not able to Deliver and take Delivery of the assets forming part of the Composite Package in respect of the SUNs (in each case whether directly or in accordance with the provisions herein relating to designees) because it and/or such PB Auction Affiliate have not executed a joinder agreement to any applicable shareholders agreement in advance of the Auction Date, such Participating Bidder will not be permitted to submit a Dealer Physical Settlement Request and its Physical Settlement Request will consist solely of the aggregate of the valid Customer Physical Settlement Requests it and/or its PB Affiliate(s) have received.

5 **Determining the Initial Market Midpoint**

If the Administrators receive no fewer than the Minimum Number of Valid Initial Market Submissions, the Administrators will determine the "**Initial Market Midpoint**" as follows:

- (a) **Matched Markets.** The Administrators will sort the Initial Market Bids and Initial Market Offers that comprise the Valid Initial Market Submissions separately, with the Initial Market Bids sorted in descending order and the Initial Market Offers sorted in ascending order. Each Initial Market Bid will then be matched with the corresponding Initial Market Offer (i.e., the highest Initial Market Bid will be matched with the lowest Initial Market Offer, the second highest Initial Market Bid will be matched with the second lowest Initial Market Offer, etc.) (each such matching of an Initial Market Bid with the corresponding Initial Market Offer, a "**Matched Market**"). For purposes of sorting the Initial Market Bids and Initial Market Offers, where two Initial Market Bids are equal, the one received first in time by the Administrators will be considered to be the lower of the two, and where two Initial Market

Offers are equal, the one received first in time by the Administrators will be considered to be the higher of the two. For the avoidance of doubt, the determination of Matched Markets in this manner will not result in Auction RASTs being conducted or effected by, or through, any Administrator.

- (b) **Tradeable and Non-Tradeable Markets.** After sorting the Initial Market Bids and Initial Market Offers pursuant to Section 5(a) of these Credit Derivatives Auction Settlement Terms, the Administrators will determine which Matched Markets are Tradeable Markets by reference to whether the relevant Initial Market Bid is (i) equal to the corresponding Initial Market Offer, in which case such Matched Market constitutes a Tradeable Market that is a Touching Market, or (ii) higher than the corresponding Initial Market Offer, in which case such Matched Market constitutes a Tradeable Market that is a Crossing Market. Any Matched Market that is not a Tradeable Market is a Non-Tradeable Market.
- (c) **Best Half.** The Administrators will then calculate the mean of the Initial Market Bids and Initial Market Offers included in the Best Half of Non-Tradeable Markets. To identify the Best Half, the Administrators will list all Non-Tradeable Markets in an order based on the spread between the Initial Market Bid and the Initial Market Offer within each Non-Tradeable Market, from the smallest spread to the largest spread (i.e., the Non-Tradeable Market with the smallest spread between its Initial Market Bid and its Initial Market Offer will be at the top of the list, the Non-Tradeable Market with the second smallest spread between its Initial Market Bid and its Initial Market Offer will be next on the list, etc.). The Best Half of the Non-Tradeable Markets are those in the top half of the list of Non-Tradeable Markets. In the event that the number of Non-Tradeable Markets is an odd number, the Administrators will round up the number of Non-Tradeable Markets to include in the Best Half to the nearest whole number. The Administrators will then calculate the Initial Market Midpoint by finding the mean of all the Initial Market Bids and Initial Market Offers that form Non-Tradeable Markets included in the Best Half (with the results rounded to the nearest fraction of a percentage point that is the Relevant Pricing Increment, provided that where such results fall equidistant between two Relevant Pricing Increments, such results will be rounded up).

Example Calculation of Initial Market Midpoint. The steps described in (a), (b) and (c) above are illustrated in the following example (which is not intended to reflect indicative prices for the Deliverable Obligations):

Step 1 – Sort Bids from highest to lowest and Offers from lowest to highest.

Step 3 – The Initial Market Midpoint is the mean of the Best Half of the Non-Tradeable Markets. If there is an odd number of Non-Tradeable Markets, round up the number of Non-Tradeable Markets to include in the Best Half to the nearest whole number. In this example, the Relevant Pricing Increment is assumed to be one-eighth of one percentage point.

6 **Market Position Trades and determining the Open Interest**

If an Initial Market Midpoint has been determined pursuant to Section 5 of these Credit Derivatives Auction Settlement Terms, the Administrators will match all Valid Physical Settlement Requests with one another in order to determine the Open Interest.

If the sum of all Quotation Amounts stated in each Physical Settlement Sell Request is less than the sum of all Quotation Amounts stated in each Physical Settlement Buy Request, all Physical Settlement Sell Requests will be matched with Physical Settlement Buy Requests, subject to the Rounding Convention.

If the sum of all Quotation Amounts stated in each Physical Settlement Buy Request is less than the sum of all Quotation Amounts stated in each Physical Settlement Sell Request, all Physical Settlement Buy Requests will be matched with Physical Settlement Sell Requests, subject to the Rounding Convention.

Each such match of Physical Settlement Requests is a "**Market Position Trade**" and the corresponding Auction RAST will be entered into by the relevant Participating Bidders in accordance with Section 18 of these Credit Derivative Auction Settlement Terms. A Market Position Trade and the corresponding Auction RAST is not conducted or effected by, or through, any Administrator.

7 **Determining Adjustment Amounts**

In the event that the Open Interest does not equal zero, for each Tradeable Market, the Participating Bidder whose Initial Market Bid or Initial Market Offer forms part of such Tradeable Market will make a payment to the DC Secretary (the "**Adjustment Amount**") on the third Business Day after the Auction Final Price Determination Date (or, if later, the third Business Day after the date on which the DC Secretary notifies the Participating Bidder of the account to which such payment should be made) as follows:

- (a) **Procedure for Calculating Adjustment Amounts.** The Adjustment Amount with respect to a Tradeable Market will be an amount calculated by the Administrators equal to (i) the Initial Market Quotation Amount multiplied by (ii) either (A) if the Open Interest is an offer to sell Deliverable Obligations, the greater of (I) zero and (II) an amount equal to (α) the Initial Market Bid forming part of such Tradeable Market minus (β) the Initial Market Midpoint or (B) if the Open Interest is a bid to purchase Deliverable Obligations, the greater of (I) zero and (II) an amount equal to (α) the Initial Market Midpoint minus (β) the Initial Market Offer forming part of such Tradeable Market. Each Participating Bidder agrees that (1) if the Open Interest is an offer to sell Deliverable Obligations, the Participating Bidder whose Initial Market Bid formed part of such Tradeable Market will pay the Adjustment Amount to the DC Secretary and (2) if the Open Interest is a bid to purchase Deliverable Obligations, the Participating Bidder whose Initial Market Offer formed part of such Tradeable Market will pay the Adjustment Amount to the DC Secretary. Any payments of Adjustment Amounts shall be used by the DC Secretary to defray any costs related to any auction that the DC Secretary has coordinated (including the Auction) on behalf of ISDA, or that the DC Secretary will in the future coordinate on behalf of ISDA, for purposes of settlement of Credit Derivative Transactions (including without limitation the costs of any Administrator) or to defray any costs related to the operation of the Credit Derivatives Determinations Committees more generally. Payments of Adjustment Amounts will not be conducted or effected by, or through, any Administrator and no Administrator will be responsible for carrying on any payment services in relation to such payments.
- (b) **Example Calculation of Adjustment Amount.** The steps described in Section 7(a) of these Credit Derivatives Auction Settlement Terms are illustrated in the following example (which is not intended to reflect indicative prices for the Deliverable Obligations):

Step 1 – Consider only Tradeable Markets.

Tradeable Markets	
IM Bids	IM Offers
45.000%	34.000%
41.000%	39.500%
41.000%	40.000 %

Step 2 – Calculate the Adjustment Amount for each Tradeable Market by (i) if the Open Interest is (A) an offer to sell Deliverable Obligations, determining the greater of (I) zero and (II) an amount equal to (α) the Initial Market Bid forming part of such Tradeable Market minus (β) the Initial Market Midpoint or (B) a bid to purchase Deliverable Obligations, determining the greater of (I) zero and (II) an amount equal to (α) the Initial Market Midpoint minus (β) the Initial Market Offer forming part of such Tradeable Market and (ii) multiplying the resulting amount by the Initial Market Quotation Amount.

Example calculation of Adjustment Amount if the Open Interest is an offer to sell Deliverable Obligations:

IM Bids	IMM	Adjustment Amount (as a percentage of the Initial Market Quotation Amount)
45.000%	40.625%	4.375%
41.000%	40.625%	0.375%
41.000%	40.625%	0.375%

Example calculation of Adjustment Amount if the Open Interest is a bid to purchase Deliverable Obligations:

IMM	IM Offers	Adjustment Amount (as a percentage of the Initial Market Quotation Amount)
40.625%	34.000%	6.625%
40.625%	39.500%	1.125%
40.625%	40.000%	0.625%

8 Publication of Initial Bidding Information

At or prior to the Initial Bidding Information Publication Time, on any day on which the Initial Bidding Period has successfully concluded, the Administrators will publish on the Auction Results Website the following information:

- (a) the size and direction of the Open Interest;
- (b) the Initial Market Midpoint; and
- (c) the details of any Adjustment Amounts,

(such information with respect to such successfully concluded Initial Bidding Period, the "**Initial Bidding Information**"). In addition, if any Other Initial Bidding Period has successfully concluded on such day, the Administrators will, at the same time that they publish the Initial Bidding Information, also publish on the Auction Results Website equivalent information with respect to such Other Initial Bidding Period(s).

If (i) for any reason, (A) the Initial Bidding Period lasts longer, or occurs later, than the Originally Scheduled Initial Bidding Period or (B) a relevant Other Initial Bidding Period lasts longer, or occurs later, than the related Other Originally Scheduled Initial Bidding Period, or (ii) as of the time on the relevant day at which the Administrators would otherwise publish the Initial Bidding Information, (A) a Materiality Event has been declared pursuant to Section 13(a) of these Credit Derivatives Auction Settlement Terms or (B) an event has occurred or exists that is considered by any two or more Participating Bidders to be a Potential Materiality Event and it remains to be determined whether such Potential Materiality Event will result in the declaration of a Materiality Event, the Administrators may delay the Subsequent Bidding Period until, and publish the Initial Bidding Information on the Auction Results Website at, such time as they determine (in their sole and absolute discretion) in order to preserve the integrity of the Auction (except that in the case of the declaration of a Materiality Event

under Section 13(a) of these Credit Derivatives Auction Settlement Terms, the Administrators shall refrain from publishing the Initial Bidding Information with respect to such Initial Bidding Period).

9 **If the Open Interest is Zero**

In the event that the Open Interest is zero, no Subsequent Bidding Period will be conducted by the Administrators, no Adjustment Amounts will be due and the Initial Market Midpoint, published in accordance with Section 8 of these Credit Derivatives Auction Settlement Terms, will be the Auction Final Price.

10 **Customer Limit Order Submissions**

In the event that the Open Interest does not equal zero, a Subsequent Bidding Period will be conducted by the Administrators.

Any Customer Limit Order Submission must be submitted to, and received by, the relevant Participating Bidder or PB Auction Affiliate during the period from and including the time at which the Initial Bidding Information is published to and including the time at which the Subsequent Bidding Period concludes; provided that in the case where the Subsequent Bidding Period is extended by the Administrators (whether such Subsequent Bidding Period is the Originally Scheduled Subsequent Bidding Period or a postponed Subsequent Bidding Period), no Customer Limit Order Submission may be submitted to the relevant Participating Bidder or PB Auction Affiliate after the time at which such Subsequent Bidding Period was originally scheduled to conclude.

Each Customer Limit Order Submission submitted to a Participating Bidder or PB Auction Affiliate must be on the opposite side of the market from the Open Interest and, to the best of the customer's knowledge and belief, (when aggregated with all other Customer Limit Order Submissions, if any, submitted by such customer to one or more Participating Bidders or PB Auction Affiliates) not in excess of the size of the Open Interest.

Each Participating Bidder or PB Auction Affiliate may, but is not obliged to, accept any Customer Limit Order Submission submitted to it in accordance with this Section 10 of these Credit Derivatives Auction Settlement Terms (and where accepted, the Participating Bidder may consequently take into account such Customer Limit Order Submission in one or more of its Limit Order Submissions), provided that if a Customer Limit Order Submission is not accepted for any reason, either the Participating Bidder or its PB Auction Affiliate (as applicable) shall promptly notify such customer of such decision.

If a customer submits a Customer Limit Order Submission to a Participating Bidder or a PB Auction Affiliate, such customer must comply with the information requirements set out at "*Terms relating to Composite Package – Submission of Customer Physical Settlement Requests and Limit Orders*" of Schedule 2 to these Auction Settlement Terms.

11 **Participating Bidder Limit Order Submissions and Unmatched Limit Orders**

During the Subsequent Bidding Period, each Participating Bidder may submit Limit Order Submissions that are on the opposite side of the market from the Open Interest. Any Initial Market Bid (if the Open Interest is an offer to sell Deliverable Obligations) or Initial Market Offer (if the Open Interest is a bid to purchase Deliverable Obligations), as applicable, submitted during the Initial Bidding Period (regardless of whether such Initial Market Bid or Initial Market Offer, as applicable, forms part of a Tradeable Market) will, together with any Limit Bid (if the Open Interest is an offer to sell Deliverable Obligations) or Limit Offer (if the Open Interest is a bid to purchase Deliverable Obligations), as applicable, be considered an "**Unmatched Limit Order**", however any Initial Market Bid that forms part of a Tradeable Market and is higher than the Initial Market Midpoint and any Initial Market Offer that forms part of a Tradeable Market and is lower than the Initial Market Midpoint will, in each case, be deemed to be equal to the Initial Market Midpoint for purposes of serving as an Unmatched Limit Order.

The sum of (a) the excess, if any, of (i) the aggregate Quotation Amount of a Participating Bidder's Valid Limit Order Submissions over (ii) the portion of such aggregate Quotation Amount attributable to any Customer Limit Order Submissions received by such Participating Bidder and/or PB Auction Affiliates of such Participating Bidder that are taken into account in such Participating Bidder's Valid Limit Order Submissions and (b) such Participating Bidder's Initial Market Bid or Initial Market Offer, as applicable, that is on the same side of the market as its Valid Limit Order Submissions must be, to the best of such Participating Bidder's knowledge and belief, not in excess of the size of the Open Interest.

If the Open Interest is an offer to sell Deliverable Obligations, then any Limit Bid that would otherwise be at a price above the Initial Market Midpoint plus the Cap Amount shall be deemed to be at a price equal to the Initial Market Midpoint plus the Cap Amount. If the Open Interest is a bid to purchase Deliverable Obligations, then any Limit Offer that would otherwise be at a price below the Initial Market Midpoint minus the Cap Amount shall be deemed to be at a price equal to the Initial Market Midpoint minus the Cap Amount.

12 **Matching the Open Interest Against Unmatched Limit Orders and determining the Auction Final Price**

After the conclusion of the Subsequent Bidding Period, the Administrators will match the Open Interest against the corresponding Unmatched Limit Orders.

- (a) **Matching Offers or Bids.** If the Open Interest is a bid to purchase Deliverable Obligations, the Open Interest will be matched against the Unmatched Limit Orders that are Offers. If the Open Interest is an offer to sell Deliverable Obligations, the Open Interest will be matched against the Unmatched Limit Orders that are Bids.
- (b) **Filling or Not Filling the Open Interest.** The Open Interest will be matched against each applicable Unmatched Limit Order, beginning with the Unmatched Limit Order that is the lowest Offer or the highest Bid, as applicable, and moving to the next remaining lowest (in the case of Offers) or next remaining highest (in the case of Bids) until:
 - (i) the full amount of the Open Interest has been matched against Unmatched Limit Orders totalling the same size as the Open Interest; or
 - (ii) all of the Unmatched Limit Orders of the relevant direction (i.e. Offers, if the Open Interest is a bid to purchase Deliverable Obligations or Bids, if the Open Interest is an offer to sell Deliverable Obligations) have been matched to the Open Interest.
- (c) **Matched Limit Orders and Matched Limit Order Trades.** Each Unmatched Limit Order that is matched to the Open Interest under Section 12(b)(i) or 12(b)(ii) of these Credit Derivatives Auction Settlement Terms is a "**Matched Limit Order**", and each such match between a Matched Limit Order and a Valid Physical Settlement Request is a "**Matched Limit Order Trade**". The corresponding Auction RAST will be entered into in accordance with Section 18 of these Credit Derivative Auction Settlement Terms and will not be conducted or effected by, or through, any Administrator.

If (i) the final matching of the Open Interest against the applicable Unmatched Limit Orders occurs pursuant to Section 12(b)(i) of these Credit Derivatives Auction Settlement Terms, (ii) there are multiple Unmatched Limit Orders stating the same price and (iii) each such Unmatched Limit Order stating the same price could be the final Unmatched Limit Order to be matched to the Open Interest, then each such potentially final Unmatched Limit Order stating the same price will be filled Pro Rata against the remaining Open Interest, subject to the Rounding Convention.

- (d) **Auction Final Price when the Open Interest is Filled.** If the final matching of the Open Interest against the applicable Unmatched Limit Orders occurs pursuant to Section 12(b)(i) of

these Credit Derivatives Auction Settlement Terms, the Auction Final Price will be the price associated with the Matched Limit Order that is the highest Offer or the lowest Bid, as applicable, provided that (i) if the Open Interest is a bid to purchase Deliverable Obligations and the Initial Market Midpoint exceeds the price associated with the highest Matched Limit Order by more than the Cap Amount, then the Auction Final Price will be the Initial Market Midpoint minus the Cap Amount and (ii) if the Open Interest is an offer to sell Deliverable Obligations and the price associated with the lowest Matched Limit Order exceeds the Initial Market Midpoint by more than the Cap Amount, then the Auction Final Price will be the Initial Market Midpoint plus the Cap Amount. If the Open Interest is zero, the Auction Final Price will be the Initial Market Midpoint.

- (e) **Auction Final Price when the Open Interest is Not Filled.** If the final matching of the Open Interest against the applicable Unmatched Limit Orders occurs pursuant to Section 12(b)(ii) of these Credit Derivatives Auction Settlement Terms, the Auction Final Price will be (i) if the Open Interest is a bid to purchase Deliverable Obligations, the greater of (A) 100 percent and (B) the highest Offer received or (ii) if the Open Interest is an offer to sell Deliverable Obligations, zero. In such case, notwithstanding Sections 6 or 12(b) of these Credit Derivatives Auction Settlement Terms, all Valid Physical Settlement Requests on the same side of the market as the Open Interest (e.g., bids to purchase or offers to sell) will be matched Pro Rata, subject to the Rounding Convention, against the Valid Limit Order Submissions and Valid Physical Settlement Requests on the opposite side of the market to form Market Position Trades or Matched Limit Order Trades, as applicable.
- (f) **100 Percent Cap to Auction Final Price.** In all cases, if the Auction Final Price determined pursuant to these Credit Derivatives Auction Settlement Terms is greater than 100 percent, then, for purposes of settling the Auction Covered Transactions only, the Auction Final Price will be deemed to be 100 percent.

13 **Delayed Auction Provisions**

The Auction timing may be adjusted under the following circumstances:

- (a) **Materiality Event Delayed Auction Date.** If at any time on or after the Business Day prior to the Auction Date but before the conclusion of the Subsequent Bidding Period on the Auction Final Price Determination Date, an event occurs or exists that is determined by any two or more Participating Bidders to be a Potential Materiality Event, then such Participating Bidders shall have a right to require the DC Secretary to call a vote of the Participating Bidders to determine whether such Potential Materiality Event is a Materiality Event, which vote will take place, if such Potential Materiality Event is identified prior to the commencement of the Initial Bidding Period, to the extent practicable, before the conclusion of such Initial Bidding Period, and otherwise before the conclusion of such Subsequent Bidding Period.

If a simple majority of all the Participating Bidders votes that such Potential Materiality Event is a Materiality Event, then such Initial Bidding Period and, if applicable, such Subsequent Bidding Period will be deemed to have been cancelled, annulled or postponed, as applicable, and the auction procedure contemplated by these Credit Derivatives Auction Settlement Terms shall recommence as if the Auction had originally been scheduled to take place on the next Business Day, unless, prior to the commencement of the Initial Bidding Period on such next Business Day, the DC Secretary holds a vote of the Participating Bidders, and a simple majority of all the Participating Bidders votes that the news of the Materiality Event has not yet been sufficiently widely disseminated or another Materiality Event has occurred or exists, in which case the auction procedure contemplated by these Credit Derivatives Auction Settlement Terms shall recommence as if the Auction had originally been scheduled to take place on the following Business Day (i.e., the second Business Day after the later of the original vote establishing the occurrence of a Materiality Event and the Auction Date), or, if necessary, on each following Business Day thereafter, but in no event later than the fifth Business Day after the Auction Date (any such delayed date on which a new Initial Bidding

Period actually occurs following a particular Materiality Event, a "**Materiality Event Delayed Auction Date**"). The Administrators will publish the results of any vote of the Participating Bidders with respect to the declaration of a Materiality Event (including the vote cast by each Participating Bidder participating in such vote) on the Auction Results Website.

In the event of the occurrence of a Materiality Event Delayed Auction Date, (i) each previously submitted Customer Physical Settlement Request and Dealer Physical Settlement Request shall be deemed to be revoked and must be re-submitted pursuant to Section 3 or 4, as applicable, of these Credit Derivatives Auction Settlement Terms as if the Auction had originally been scheduled to take place on the relevant Materiality Event Delayed Auction Date and (ii) the Auction Currency Fixing Date shall mean with respect to a Relevant Transaction Type included in (A) the Americas, the Business Day prior to the Materiality Event Delayed Auction Date and (B) any Region other than the Americas, two Business Days prior to the Materiality Event Delayed Auction Date, and the steps set forth in Section 2 of these Credit Derivatives Auction Settlement Terms will be repeated with respect to each Relevant Pairing (regardless of whether an Auction Currency Rate was previously determined with respect to any Relevant Pairing) as of such newly designated Auction Currency Fixing Date.

- (b) **Currency Rate Delayed Auction Date.** If the Administrators are unable to determine an Auction Currency Rate on an Auction Currency Fixing Date (the "**Relevant Auction Currency Fixing Date**") with respect to each Relevant Pairing on the original Auction Currency Fixing Date or on the Business Day immediately following such original Auction Currency Fixing Date, then the steps set forth in Section 2 of these Credit Derivatives Auction Settlement Terms will be repeated with respect to each Relevant Pairing (regardless of whether an Auction Currency Rate was previously determined with respect to any Relevant Pairing) on the following Business Day, and (if necessary) the second following Business Day and the date on which the Auction is held will be, in the case of a Relevant Transaction Type included in (i) the Americas, the date that is one Business Day following the newly designated Auction Currency Fixing Date and (ii) any Region other than the Americas, the date that is two Business Days following the newly designated Auction Currency Fixing Date (any such delayed date on which an Initial Bidding Period actually occurs following a particular newly designated Auction Currency Fixing Date, a "**Currency Rate Delayed Auction Date**").

In the event of the occurrence of a Currency Rate Delayed Auction Date, each previously submitted Customer Physical Settlement Request and Dealer Physical Settlement Request shall be deemed to be revoked and must be re-submitted pursuant to Section 3 or 4, as applicable, of these Credit Derivatives Auction Settlement Terms as if the Auction had originally been scheduled to take place on the relevant Currency Rate Delayed Auction Date.

- (c) **Administratively Delayed Auction Date.** If the auction procedure described in these Credit Derivatives Auction Settlement Terms does not result in an Auction Final Price for any reason (including, but not limited to, the failure to receive the Minimum Number of Valid Initial Market Submissions) other than the reasons described in Sections 13(a) and 13(b) of these Credit Derivatives Auction Settlement Terms, the relevant steps will be repeated on the Auction Date with the auction procedure described in these Credit Derivatives Auction Settlement Terms recommencing at such time(s) specified by the Administrators. If an Auction Final Price cannot be determined on any such subsequent attempt(s) on the Auction Date itself for any reason other than the reasons described in Sections 13(a) and 13(b) of these Credit Derivatives Auction Settlement Terms, the relevant steps will be repeated according to a schedule to be determined by the Administrators on the Business Day following the Auction Date, and if necessary, the second Business Day following the Auction Date, but in no event later than the second Business Day following the Auction Date (any such delayed date on which a new Initial Bidding Period actually occurs, an "**Administratively Delayed Auction Date**").

In the event of the occurrence of an Administratively Delayed Auction Date, (i) each previously submitted Customer Physical Settlement Request and Dealer Physical Settlement Request shall be deemed to be revoked and must be re-submitted pursuant to Section 3 or 4, as applicable, of these Credit Derivatives Auction Settlement Terms as if the Auction had originally been scheduled to take place on the relevant Administratively Delayed Auction Date and (ii) the Auction Currency Fixing Date shall mean with respect to a Relevant Transaction Type included in (A) the Americas, the Business Day prior to the Administratively Delayed Auction Date and (B) any Region other than the Americas, two Business Days prior to the Administratively Delayed Auction Date, and the steps set forth in Section 2 of these Credit Derivatives Auction Settlement Terms will be repeated with respect to each Relevant Pairing (regardless of whether an Auction Currency Rate was previously determined with respect to any Relevant Pairing) as of such newly designated Auction Currency Fixing Date.

- (d) **Combination of Materiality Event Delayed Auction Date, Currency Rate Delayed Auction Date and/or Administratively Delayed Auction Date.** In the event that the Auction must be held on a later date as a result of any combination of the events described in Sections 13(a), 13(b) and/or 13(c) of these Credit Derivatives Auction Settlement Terms, (i) the Administrators shall (A) adjust the Auction Currency Fixing Date and (B) reschedule the date on which the Auction will be held in their sole and absolute discretion in order to preserve the integrity of the Auction, provided that such rescheduled Auction shall be held no later than five Business Days after the Auction Date and (ii) each previously submitted Customer Physical Settlement Request and Dealer Physical Settlement Request shall be deemed to be revoked and must be re-submitted pursuant to Section 3 or 4, as applicable, of these Credit Derivatives Auction Settlement Terms as if the Auction had originally been scheduled to take place on the relevant date determined by the Administrators to be the date on which the rescheduled Auction is to be held.
- (e) **Auction Cancellation Date.** If an Auction Final Price has not been determined on or prior to (i) the fifth Business Day following the Auction Date, if Section 13(a) or 13(d) of these Credit Derivatives Auction Settlement Terms is applicable or (ii) the second Business Day following the Auction Date, if Section 13(b) or 13(c) of these Credit Derivatives Auction Settlement Terms is applicable, then the Auction will be deemed to have been cancelled (the date of such cancellation, an "**Auction Cancellation Date**"). The Administrators and the DC Secretary will announce the occurrence of an Auction Cancellation Date on the Auction Results Website and the DC Website respectively as soon as practicable.

14 **Publication of Subsequent Bidding Information**

At or prior to the Subsequent Bidding Information Publication Time on any day on which the Subsequent Bidding Period has successfully concluded, the Administrators will publish on the Auction Results Website the following information:

- (a) the Auction Final Price;
- (b) the names of the Participating Bidders who submitted Bids, Offers and Valid Physical Settlement Requests, together with the details of all such Bids, Offers and Valid Physical Settlement Requests submitted by each (e.g., the identity of the Participating Bidders and the size of the Quotation Amounts); and

(such information with respect to such successfully concluded Subsequent Bidding Period, the "**Subsequent Bidding Information**"). In addition, if any Other Subsequent Bidding Period has successfully concluded on such day, the Administrators will, at the same time that they publish the Subsequent Bidding Information, also publish on the Auction Results Website equivalent information with respect to such Other Subsequent Bidding Period(s).

If, for any reason, (i) the Subsequent Bidding Period lasts longer, or occurs later, than the Originally Scheduled Subsequent Bidding Period or (ii) a relevant Other Subsequent Bidding Period lasts longer, or occurs later than, the related Other Originally Scheduled Subsequent Bidding Period, the Administrators will publish the Subsequent Bidding Information on the Auction Results Website at such time as they determine (in their sole and absolute discretion) in order to preserve the integrity of the Auction. If, as of the conclusion of the Subsequent Bidding Period, it has been determined that the auction procedures contemplated by these Credit Derivatives Auction Settlement Terms must be repeated pursuant to Section 13 of these Credit Derivatives Auction Settlement Terms, the Administrators will not publish on the Auction Results Website the Subsequent Bidding Information with respect to such Subsequent Bidding Period.

The following rules will apply to Valid Initial Market Submissions, Valid Physical Settlement Requests and Valid Limit Order Submissions submitted by any Participating Bidder:

- (a) **No Post-Bidding Period Amendments to Valid Initial Market Submissions or Valid Limit Order Submissions.** No Valid Initial Market Submission or Valid Limit Order Submission may be amended either by the Participating Bidder or the Administrators after the conclusion of the Initial Bidding Period or Subsequent Bidding Period, as applicable, even if the relevant Valid Initial Market Submission or Valid Limit Order Submission, as applicable, is a mistake, and all Participating Bidders will be required to comply with their obligations in respect of the Matched Limit Order Trade, if any, of which the relevant Initial Market Bid, Initial Market Offer, Limit Bid or Limit Offer, as applicable, forms a part.
- (b) **Amendments to Valid Physical Settlement Requests.** If a Participating Bidder's Valid Physical Settlement Request (without regard to the Customer Physical Settlement Requests that formed a part of such Participating Bidder's Valid Physical Settlement Request) is on the same side of the market as, but less than or equal to, such Participating Bidder's Market Position, such Valid Physical Settlement Request may not be amended by either the Participating Bidder or the Administrators after the conclusion of the Initial Bidding Period, even if such Valid Physical Settlement Request is a mistake, and all Participating Bidders will be required to comply with their obligations in respect of the Market Position Trade or Matched Limit Order Trade, as applicable, if any, of which such Valid Physical Settlement Request forms a part.

If a Participating Bidder becomes aware that its Valid Physical Settlement Request (without regard to the Customer Physical Settlement Requests that formed a part of such Participating Bidder's Valid Physical Settlement Request) is on the opposite side of the market from, or is greater than, such Participating Bidder's Market Position, such Participating Bidder will immediately notify the Administrators and will submit a corrected Physical Settlement Request.

If the Administrators become aware of a corrected Valid Physical Settlement Request, if any, at least thirty minutes prior to the beginning of the Subsequent Bidding Period, the Administrators will determine the Open Interest based on the corrected Valid Physical Settlement Request and publish the corrected Initial Bidding Information no later than fifteen minutes prior to the beginning of the Subsequent Bidding Period. Otherwise, the Administrators will not re-calculate the Open Interest or the Auction Final Price, all Auction Covered Transactions will settle according to the Auction Final Price published by the Administrators, and all Participating Bidders will be required to comply with their obligations in respect of the Market Position Trade or Matched Limit Order Trade, as applicable, if any, of which the relevant Valid Physical Settlement Request forms a part.

16 **Limitations on Liability of Administrators**

"Section 7.1. Cash Settlement. If "Cash Settlement" is deemed to apply pursuant to Section 9.1 (*Partial Cash Settlement Due to Impossibility or Illegality; Partial Cash Settlement of Deliverable Obligation which is a Loan Due to no Delivery*), 9.2 (*Partial Cash Settlement of Consent Required Loans*), 9.3 (*Partial Cash Settlement of Assignable Loans*) or 9.4 (*Partial Cash Settlement of Participations*), (a) if the Cash Settlement Amount is a positive number, Seller shall, subject to Section 5.1 (*Settlement*), pay the Cash Settlement Amount to Buyer on the Cash Settlement Date; and (b) if the Cash Settlement Amount is a negative number, Buyer shall, subject to Section 5.1 (*Settlement*), pay the absolute value of the Cash Settlement Amount to Seller on the Cash Settlement Date."

- (viii) Section 8.2 of the 2014 Definitions is hereby replaced in its entirety with the following:

"Section 8.2. Notice of Physical Settlement. "Notice of Physical Settlement" means a notice from Buyer to Seller that (a) confirms that Buyer intends to settle the Credit Derivative Transaction and requires performance in accordance with Physical Settlement, (b) contains a detailed description of each Deliverable Obligation that Buyer intends to Deliver to Seller (or, intends to Deliver the Composite Package in respect of), including, if available and applicable, the CUSIP or ISIN number (or, if such identifying number is not available or applicable, the rate and tenor) of each such Deliverable Obligation (and in respect of a Deliverable Obligation or an asset comprising the Composite Package which has more than one CUSIP or ISIN due to Regulation S and Rule 144A, the specific CUSIP or ISIN that the Buyer intends to Deliver to Seller) and (c) specifies the Outstanding Principal Balance or Due and Payable Amount, as applicable, or the equivalent amount in the Settlement Currency (in each case, the "**Outstanding Amount**") and, if different, the face amount, of each such Deliverable Obligation and the aggregate Outstanding Amount of all Deliverable Obligations specified in the Notice of Physical Settlement that Buyer intends to Deliver to Seller (the "**Aggregate Outstanding Amount**") and the information described in the Form of Notice of Physical Settlement attached as Exhibit 3 to the relevant Credit Derivatives Auction Settlement Terms.

Buyer may, from time to time, notify Seller in the manner specified above (each such notification, a "**NOPS Amendment Notice**") that Buyer is replacing, in whole or in part, one or more Deliverable Obligations specified in the Notice of Physical Settlement or a prior NOPS Amendment Notice, as applicable, (to the extent the relevant Deliverable Obligation has not been Delivered as of the date such NOPS Amendment Notice is effective). A NOPS Amendment Notice shall contain a revised detailed description of each replacement Deliverable Obligation that Buyer will Deliver to Seller (each, a "**Replacement Deliverable Obligation**") and shall also specify the Outstanding Amount of each Deliverable Obligation identified in the Notice of Physical Settlement or prior NOPS Amendment Notice, as applicable, that is being replaced (with respect to each such Deliverable Obligation, the "**Replaced Deliverable Obligation Outstanding Amount**"). The Outstanding Amount of each Replacement Deliverable Obligation identified in a NOPS Amendment Notice shall be determined by applying the Revised Currency Rate to the relevant Replaced Deliverable Obligation Outstanding Amount. The Outstanding Amount of the Replacement Deliverable Obligations specified in any NOPS Amendment Notice in aggregate with the Outstanding Amount of the Deliverable Obligations specified in the Notice of Physical Settlement or any earlier NOPS Amendment Notice which, in each case, are not being replaced must not be greater than the Aggregate Outstanding Amount. Each such NOPS Amendment Notice must be effective at or prior to 11:00 a.m. Relevant City Time (as defined in the Rules) on the Physical Settlement Date of the relevant Transaction (determined without reference to any change resulting from such NOPS Amendment Notice).

Notwithstanding the foregoing, (i) Buyer may correct any errors or inconsistencies in the detailed description of each Deliverable Obligation contained in the Notice of Physical Settlement or any NOPS Amendment Notice, as applicable, by notice to Seller prior to the relevant Delivery Date and (ii) if Asset Package Delivery is applicable, Buyer shall on the NOPS Effective Date, or as soon as reasonably practicable thereafter (but in any case, prior to the Delivery Date), notify Seller of the detailed description of the Asset Package, if any, that it intends to Deliver to Seller in lieu of the Prior Deliverable Obligation or Package Observable Bond, if any, specified in the Notice of Physical Settlement or NOPS Amendment Notice, as applicable, it

being understood in each case that such notice shall not constitute a NOPS Amendment Notice.

If Buyer fails to deliver an effective Notice of Physical Settlement on or before the relevant NOPS Cut-off Time on the Notice of Physical Settlement Date (as defined in Section 22 of the relevant Credit Derivatives Auction Settlement Terms), Buyer will have no right thereafter to deliver a Notice of Physical Settlement. If Buyer has not delivered an effective Notice of Physical Settlement, Seller will have the right, from, but excluding, the relevant NOPS Cut-off Time on the Notice of Physical Settlement Date to, and including, the first Business Day after the Notice of Physical Settlement Date (subject to adjustment in accordance with the Following Business Day Convention) (the "**Final Notice of Physical Settlement Date**"), to deliver a notice to Buyer containing a detailed description of the Deliverable Obligations that Buyer will be required to Deliver to Seller, including the Outstanding Amount of each such Deliverable Obligation (provided that the aggregate of such Outstanding Amounts (or the equivalent Currency Amount, as applicable) shall be equal to or less than the Floating Rate Payer Calculation Amount). If applicable, Buyer may deliver the relevant Composite Package in respect of the Deliverable Obligation so specified in accordance with the Terms relating to Composite Package of the relevant Auction Settlement Terms.

If Buyer delivers an effective Notice of Physical Settlement on or before the relevant NOPS Cut-off Time on the Notice of Physical Settlement Date but such Notice of Physical Settlement (as amended or supplemented by any NOPS Amendment Notices delivered on or prior to the relevant NOPS Cut-off Time on the Notice of Physical Settlement Date) specifies Deliverable Obligations with an Outstanding Amount (or the equivalent Currency Amount, as applicable) that is less than the Floating Rate Payer Calculation Amount, Seller will have the right, from, but excluding, the Notice of Physical Settlement Date to, and including, the Final Notice of Physical Settlement Date, to deliver a notice to Buyer containing a detailed description of the additional Deliverable Obligations that Buyer will be required to Deliver to Seller, including the Outstanding Amount of each such Deliverable Obligation; provided that the aggregate specified Outstanding Amount (or the equivalent Currency Amount, as applicable) shall be equal to or less than the amount by which the Floating Rate Payer Calculation Amount exceeds the aggregate Outstanding Amount (or the equivalent Currency Amount, as applicable) of Deliverable Obligations specified in the Notice of Physical Settlement (as amended or supplemented by any NOPS Amendment Notices) delivered by Buyer.

Any notice delivered by Seller pursuant to this Section 8.2 will include the information described in the Form of Notice of Physical Settlement attached as Exhibit 3 to the relevant Credit Derivatives Auction Settlement Terms. The Outstanding Amount of each Deliverable Obligation identified in any such notice delivered by Seller shall be determined by applying the Revised Currency Rate to the relevant Outstanding Amount. Delivery of any such notice shall be deemed to constitute delivery of an effective Notice of Physical Settlement. Buyer may not change any such notice from Seller, other than to correct any errors or inconsistencies in the detailed description of each Deliverable Obligation in such notice.

If Buyer fails to deliver an effective Notice of Physical Settlement on or prior to the NOPS Cut-off Time on the Notice of Physical Settlement Date, and Seller fails to deliver a notice described in this Section 8.2 to Buyer on or prior to the Final Notice of Physical Settlement Date, then such Final Notice of Physical Settlement Date will be the Termination Date.

(ix) "Section 8.17 of the 2014 Definitions is hereby amended by replacing the term "NOPS Cut-off Date" with the term "Final Notice of Physical Settlement Date."

(x) Section 8.18 of the 2014 Definitions is hereby amended by the addition of the following at the end thereof:

"For the avoidance of doubt, no additional amount shall be due from Seller to Buyer in respect of any accrued interest on the Deliverable Obligation(s) as at the Delivery Date."

(xi) Section 8.19 of the 2014 Definitions is hereby replaced in its entirety with the following: ""Physical Settlement Period" means (a) in relation to any Customer Buy RAST, 30 Business Days, (b) in relation to any Direct RAST, 32 Business Days, and (c) in relation to any Customer Sell RAST, 34 Business Days.

Accordingly, the Physical Settlement Date is expected to be: (a) in respect of any Customer Buy RAST, 24 April 2026; (b) in respect of any Direct RAST, 28 April 2026; and (c) in respect of any Customer Sell RAST, 30 April 2026.

If the Deliverable Obligations are not Delivered within the relevant Physical Settlement Period, then the consequences set out in the Composite Package section in the relevant Credit Derivatives Auction Settlement Terms shall apply."

(xii) Section 8.21 of the 2014 Definitions is hereby replaced in its entirety with the following:

"Section 8.21. Currency Rate. "Currency Rate" means with respect to (a) a Deliverable Obligation specified in a Notice of Physical Settlement or any NOPS Amendment Notice, as applicable, delivered by (i) Buyer, the Auction Currency Rate or (ii) Seller, the Revised Currency Rate and (b) a Replacement Deliverable Obligation specified in a NOPS Amendment Notice, the Revised Currency Rate."

(xiii) Section 8.22 of the 2014 Definitions is hereby replaced in its entirety with the following:

"Section 8.22. Revised Currency Rate. "Revised Currency Rate" means, with respect to either (a) a Replacement Deliverable Obligation specified in a NOPS Amendment Notice or (b) a Deliverable Obligation specified in a Notice of Physical Settlement or any NOPS Amendment Notice, as applicable, delivered by Seller, the rate of conversion between the currency in which the Replaced Deliverable Obligation Outstanding Amount, in the case of a NOPS Amendment Notice, or the Outstanding Amount of the relevant Deliverable Obligation, in the case of a Notice of Physical Settlement delivered by Seller, as applicable, is denominated and the currency in which the Outstanding Amount of such Replacement Deliverable Obligation is denominated, in the case of a NOPS Amendment Notice, or the Settlement Currency, in the case of a Notice of Physical Settlement delivered by Seller, as applicable, that is determined either (i) by reference to the Currency Rate Source as at the Next Currency Fixing Time or (ii) if such rate is not available at such time, by the Calculation Agent in a commercially reasonable manner after consultation with the parties."

(xiv) Section 9.1 of the 2014 Definitions is hereby amended by:

(A) being renamed "*Partial Cash Settlement of a Deliverable Obligation Due to Impossibility or Illegality; Partial Cash Settlement of a Deliverable Obligation which is a Loan Due to no Delivery*";

- (B) making it subject to the "*Terms relating to Composite Package – Cash Settlement*" provisions herein;
- (C) inserting "(i) Subject to (ii) below," at the beginning thereof; and
- (D) inserting the following at the end thereof:

"(ii) If and to the extent that a Deliverable Obligation specified in the Notice of Physical Settlement (or NOPS Amendment Notice, as the case may be) is a Loan (other than any Loan which (i) is a Prior Deliverable Obligation which Buyer has notified Seller it intends to Deliver an Asset Package in lieu thereof, or (ii) forms part of an Asset Package which Buyer has notified Seller it intends to Deliver) and if and to the extent the Credit Derivative Transaction is not a Loan Settled Transaction, the relevant portion of such Credit Derivative Transaction shall, at the end of day that is four Business Days after the Physical Settlement Date, be a "**Failed Loan CDS Transaction**" and Cash Settlement pursuant to the Partial Cash Settlement Terms shall be deemed to apply to the relevant portion of the Credit Derivative Transaction with respect to such Deliverable Obligation that is a Loan and that has not been Delivered and such Deliverable Obligation shall be deemed to be an 'Undeliverable Obligation'.

If effective Delivery is made in respect of a Loan pursuant to a Credit Derivative Transaction in accordance with its terms, such Credit Derivative Transaction (or the relevant portion thereof) shall be deemed to be a "**Loan Settled Transaction**".

- (xv) Section 9.6(a) of the 2014 Definitions is hereby replaced in its entirety with the following:

"(a) "Cash Settlement Amount" is deemed to be, for each Undeliverable Obligation, Undeliverable Loan Obligation, Undeliverable Participation or Unassignable Obligation, the aggregate of (A) the Outstanding Amount, Due and Payable Amount or in each case, the equivalent Currency Amount, as applicable, of each Undeliverable Obligation, Undeliverable Loan Obligation, Undeliverable Participation or Unassignable Obligation multiplied by (B) the Reference Price minus the Final Price determined in accordance with the specified Valuation Method with respect to such Undeliverable Obligation, Undeliverable Loan Obligation, Undeliverable Participation or Unassignable Obligation."

- (xvi) Section 9.6(c) of the 2014 Definitions is hereby amended by deleting the words "and 'Reference Price' is deemed to be one hundred percent".

- (xvii) Section 9.6(d) of the 2014 Definitions is hereby amended by inserting the following at the beginning thereof:

"If the Credit Derivative Transaction is a Failed Loan CDS Transaction, "Valuation Date" is deemed to be the day that is five Business Days after the Physical Settlement Date and otherwise,"

- (xviii) Section 9.6(e) of the 2014 Definitions is hereby amended by inserting the following at the beginning thereof:

"If the Credit Derivative Transaction is a Failed Loan CDS Transaction, "Valuation Method" is deemed to be Highest, and otherwise,"

(xix) Section 9.6(g) of the 2014 Definitions is hereby amended by deleting the words "Outstanding Principal Balance or Due and Payable Amount" and replacing them with the words "Outstanding Amount".

(xx) Section 9.6(k) of the 2014 Definitions is hereby amended by inserting the following at the beginning thereof:

"(X) Notwithstanding the definition of Related RAST and the other terms of the Representative Auction-Settled Transaction:

- (i) where only part of a Credit Derivative Transaction is identified as being a Related RAST in respect of one or more other Representative Auction-Settled Transactions, then any Cash Settlement process applicable to such Credit Derivative Transaction by virtue of it being a Related RAST and the Final Price determined under such Cash Settlement process will only apply to the portion of such Credit Derivative Transaction that is a Related RAST;
- (ii) where a Participating Bidder or its Affiliate enters into Customer Buy RASTs and Customer Sell RASTs which are offsetting or partially offsetting such that there may be no Direct RAST or there may be a smaller Direct RAST, such Customer Buy RASTs and Customer Sell RASTs may be identified for this purpose as Related RASTs in respect of each other (including, without limitation, in respect of part only) and the provisions below will be construed accordingly; and
- (iii) notwithstanding that such Credit Derivative Transactions may otherwise have differing Physical Settlement Dates, where one or more Related RASTs have been designated and Cash Settlement in accordance with Section 9.6 is triggered in respect of such Credit Derivative Transactions, then the Physical Settlement Date for the Representative Auction-Settled Transaction that originally triggered such Cash Settlement shall also be deemed to apply to each subsequent Representative Auction-Settled Transaction that is in the chain of Related RASTs (provided that such subsequent Representative Auction-Settled Transaction is not at such time a Loan Settled Transaction) such that such Cash Settlement process and the same Final Price and Cash Settlement Date applies to all such Related RASTs that are not Loan Settled Transactions.

For the avoidance of doubt, any Representative Auction-Settled Transaction (or part thereof) that has been physically settled will not be subject to Cash Settlement.

The process of designating Related RASTs is set out in Section 11.2(c)(iv) of the 2014 Definitions as amended by these Auction Settlement Terms.

Cash Settlement of Failed Loan CDS Transactions

If the Credit Derivative Transaction is a Failed Loan CDS Transaction, then "Quotation" means each Full Quotation obtained and expressed as a percentage of the Reference Obligation's Outstanding Principal Balance with respect to a Valuation Date in the manner that follows:

- (i) The "**Loan Relevant Buyer**" is:
 - (a) in respect of a Direct RAST and each Related RAST, (A) Buyer under the Customer Buy RAST (if any), (B) if and to the extent that such Customer Buy RAST is a Loan Settled Transaction or if there is no Customer Buy RAST, Buyer under the Direct RAST or (C) if and to the

extent that such Direct RAST is also a Loan Settled Transaction or there is no Direct RAST, Buyer under the Customer Sell RAST (if any); or

- (b) otherwise, Buyer in respect of the relevant Credit Derivative Transaction.

The Loan Relevant Buyer shall attempt to obtain Full Quotations (provided that for the purposes of this Section 9.6(k) (*Partial Cash Settlement Terms*) only, a Full Quotation shall be a quotation for an amount equal to the higher of the Quotation Amount and the relevant minimum transfer amount applicable to such Relevant Buyer, if any, applicable pursuant to the terms of the Loan on the Valuation Date) with respect to each Valuation Date.

The Loan Relevant Buyer shall attempt to obtain such Full Quotations from:

- (I) five or more Dealers which must, at a minimum, include each Seller under a Related RAST or the Direct RAST (if any) which, in each case, is not a Loan Settled Transaction provided that in the case of a Seller under a Customer Sell RAST which is a Related RAST, such Seller may designate another party to participate in the quotation process as a Dealer in its place (and for these purposes only, each such entity shall be deemed to be a Dealer for the purposes of Section 7.15 (*Dealer*)); and
- (II) any other additional person from whom the Loan Relevant Buyer wishes to obtain Quotations (and for these purposes only, each such entity shall be deemed to be a Dealer for the purposes of Section 7.15 (*Dealer*)).

For the avoidance of doubt, if the Relevant Buyer uses the right in subparagraph (II) to add to such quotation process a Seller under another Credit Derivative Transaction that Relevant Buyer is party to, then the provisions above will apply to such other Credit Derivative Transaction such that the Relevant Buyer will also seek quotations from the Relevant Sellers in respect of such other Credit Derivative Transaction.

In the case of a quotation process in respect of a Direct RAST and each Related RAST, the Final Price shall not be determined until:

- (i) the Relevant Buyer has attempted to obtain a Full Quotation from (A) Seller under each Customer Sell RAST (if any) or its designee for these purposes, (B) if and to the extent that each such Customer Sell RAST is a Loan Settled Transaction or if there is no Customer Sell RAST in respect of a relevant portion of the Direct RAST, Seller under the Direct RAST or (C) if and to the extent that (A) is not applicable and such Direct RAST under (B) is also a Loan Settled Transaction or if there is no Direct RAST, Seller under the Customer Buy RAST (if any) (each such Seller identified under (A) to (C) above, the "**Relevant Seller**") provided that at the time at which the Relevant Buyer attempts to obtain each such Full Quotation, it shall inform the Relevant Seller of the highest Full Quotation obtained prior thereto; and
- (ii) each Relevant Seller has declined to provide a higher Full Quotation than the current highest Full Quotation.

If the Relevant Buyer is unable to obtain one or more such Full Quotations on the same Business Day within five Business Days of a Valuation Date or fails to satisfy the Sale Requirement, then the Alternative Procedures Relating to Loans not Delivered shall apply as though such fifth Business Day is the Loan Alternative Procedure Start Date.

For the avoidance of doubt, if the Relevant Buyer is able to obtain one or more such Full Quotations on the same Business Day within five Business Days of a Valuation Date and the Sale Requirement is satisfied, the Final Price determined in accordance with the Valuation Method (and the provisions of the following paragraphs) shall apply to the Direct RAST and each Related RAST (or the relevant portion thereof to be settled by Delivery of the Loan and which has been identified as a Direct RAST or Related RAST in respect of the quotation process being conducted by the Relevant Buyer), in each case, to the extent that such Credit Derivative Transaction is not a Loan Settled Transaction.

For the purposes hereof, in addition to the requirements of Section 7.10, each firm Quotation shall:

- (A) be for a transaction with the Relevant Buyer in which, the Relevant Buyer agrees to Deliver the Deliverable Obligations that are Loans to the Dealer (including any entity deemed to be a Dealer) submitting the firm quotation (the "**Quoting Dealer**"), which transaction shall be governed by documentation that is consistent with market practice applicable to the sale and purchase of such Deliverable Obligations on the Valuation Date (which may be determined by the relevant Convened DC), including without limitation a representation that the Quoting Dealer has completed all "know your customer" or similar requirements under all applicable laws, regulations and internal compliance procedures relating to a transaction with the Relevant Buyer and on the Reference Entity;
- (B) be capable of acceptance by the Relevant Buyer and be open for acceptance to the relevant party for at least 30 minutes; and
- (C) be obtained on the basis that if the Relevant Buyer agrees to Deliver the Deliverable Obligations to such Quoting Dealer on the terms set forth herein, such Quoting Dealer agrees to pay the settlement amount (calculated and payable for this purpose in accordance with the relevant market standard documentation and based on the price so quoted) that would be payable for such Deliverable Obligations to the Relevant Buyer.

Furthermore, any firm Quotation which would otherwise constitute a Full Quotation shall be deemed not to have been obtained unless the Relevant Buyer has entered into an arms-length (without taking into account any other transaction or arrangement), binding contract to sell the relevant amount of such Deliverable Obligations, utilising a firm Quotation from a Quoting Dealer (which it may do in its sole and absolute discretion using any firm Quotation from any Quoting Dealer, which for the avoidance of doubt is not required to be the Quotation used in connection with the calculation of the Final Price) (such requirement, the **Sale Requirement**).

For the avoidance of doubt, a Credit Derivative Transaction may be subject to more than one partial cash settlement process if a portion of it is identified as a Related RAST or Direct RAST in respect of one Credit Derivative

Transaction and another portion of it is identified as a Related RAST or Direct RAST in respect of another Credit Derivative Transaction and/or another portion triggers such process directly. The Cash Settlement Amount payable in respect of each portion of such Transaction will be calculated and payable on such basis.

and

(Y) Otherwise,".

- (xxi) In respect of any Deliverable Obligation where the Composite Package is applicable, Section 9.7 of the 2014 Definitions is deleted and replaced with the Buy-in mechanic described in the Terms relating to Composite Package below.

In respect of any Deliverable Obligation in respect of which no Composite Package is applicable, Section 9.7 of the 2014 Definitions is applicable provided that for this purpose Section 9.7 of the 2014 Definitions is amended by deleting the second sentence of the penultimate paragraph thereof and replacing it with the following:

"On the third Business Day following such notice, Buyer will be deemed to have Delivered an Outstanding Principal Balance of the Deliverable Obligations specified in the Notice of Physical Settlement (or NOPS Amendment Notice, as applicable) for which a Buy-in Price was determined, and an amount equal to the product of (A) the Outstanding Principal Balance of the Deliverable Obligations specified in the Notice of Physical Settlement (or NOPS Amendment Notice, as applicable) for which a Buy-in Price was determined and (B) in the case where the Buy-in Price is equal to or greater than the Auction Final Price, the excess, if any, of the Buy-in Price over the Auction Final Price (expressed as a positive amount) and otherwise the excess of the Auction Final Price over the Buy-in Price (expressed as a negative amount) plus (C) any reasonable brokerage costs incurred by Seller in connection with any purchases by it of the Relevant Bonds as part of the buy-in, if positive, will be payable by Buyer to Seller or, if negative, the absolute value thereof will be payable by Seller to Buyer."

- (xxii) Section 9.8 of the 2014 Definitions is hereby amended by deleting the first paragraph thereof and replacing it with the following:

"In the case of a Failed Loan CDS Transaction, if no Final Price has been determined pursuant to Section 9.6 (*Partial Cash Settlement Terms*) on or before the tenth Business Day following the Physical Settlement Date, the following provisions shall apply unless (a) "Reference Obligation Only" has been specified as the Deliverable Obligation Category in the related Confirmation, (b) in the case of a Consent Required Loan, "Partial Cash Settlement of Consent Required Loans" is specified as applicable in the related Confirmation (in which case Section 9.2 (*Partial Cash Settlement of Consent Required Loans*) shall apply), (c) in the case of an Assignable Loan, "Partial Cash Settlement of Assignable Loans" is specified as applicable in the related Confirmation (in which case Section 9.3 (*Partial Cash Settlement of Assignable Loans*) shall apply), or (d) in the case of a Direct Loan Participation, "Partial Cash Settlement of Participations" is specified as applicable in the related Confirmation (in which case Section 9.4 (*Partial Cash Settlement of Participations*) shall apply):"

- (xxiii) Section 9.8(i) of the 2014 Definitions is hereby amended by adding the following at the beginning thereof: "Section 9.8(i) (*Alternative Procedures Relating to Loans Not Delivered*) will not be applicable if Seller delivers a notice (in accordance with Section 8.2 (*Notice of Physical Settlement*)) that is deemed to constitute delivery of a Notice of Physical Settlement instead of Buyer delivering a Notice of Physical Settlement."

(xxiv) Section 9.8(ii) of the 2014 Definitions is hereby amended by:

- (A) deleting "fifteenth" and replacing it with "tenth";
- (B) deleting the following from the thirteenth line thereof: "at a price (expressed as a percentage) less than the Reference Price"; and
- (C) inserting the words at the end thereof:

"For the avoidance of doubt, Section 9.8(i) (*Alternative Procedures Relating to Loans Not Delivered*) shall continue to apply during this period."

(xxv) Section 11.2(c)(i) of the 2014 Definitions is amended by the addition of the following after the words "or other document":

"(including any confidentiality undertaking and/or any accession letter)".

(xxvi) Section 11.2(c)(iv) of the 2014 Definitions is hereby replaced in its entirety with the following:

The following provisions set out (i) the designation mechanics pursuant to which Related RASTs may be designated; and (ii) where the relevant Deliverable Obligation is a Loan, the mechanics for a Designee Delivering or taking Delivery of such Deliverable Obligation on behalf of a party to a Representative Auction-Settled Transaction. This section also includes provisions relating to designation of Affiliates and third parties in certain circumstances.

1. Buyer's Designees

- (A) "In the case of a Direct RAST, if the Deliverable Obligations specified in the Notice of Physical Settlement (or the NOPS Amendment Notice, as the case may be) for such Direct RAST are identical to some or all of the Deliverable Obligations specified in the Notice of Physical Settlement (or the NOPS Amendment Notice, as the case may be) for any Customer Buy RAST, Buyer under the Direct RAST may designate such Customer Buy RAST and Direct RAST as Related RASTs in respect of each other.

If the relevant Deliverable Obligation specified in the Notice of Physical Settlement (or the NOPS Amendment Notice, as the case may be) is a Loan then the effect of such designation is that the customer under such Customer Buy RAST will Deliver and otherwise perform the obligations of Buyer under the Direct RAST to Deliver such Deliverable Obligations in the form of a Loan.

- (B) In the case of a Customer Sell RAST, if the Deliverable Obligations specified in the Notice of Physical Settlement (or the NOPS Amendment Notice, as the case may be) for such Customer Sell RAST are identical to some or all of the Deliverable Obligations specified in the Notice of Physical Settlement (or the NOPS Amendment Notice, as the case may be) for the related Direct RAST, Buyer under the Customer Sell RAST may designate the Direct RAST and Customer Sell RASTs as Related RASTs in respect of each other.

If the relevant Deliverable Obligation specified in the Notice of Physical Settlement (or the NOPS Amendment Notice, as the case may be) is a Loan, then the effect of such designation is that either:

(x) the Buyer under the Customer Buy RAST that is also a Related RAST in respect of such Direct RAST; or

(y) if there is no such Customer Buy RAST that is a Related RAST in respect of the Direct RAST, the Buyer under the Direct RAST,

will Deliver and otherwise perform the obligations of Buyer under the Customer Sell RAST to Deliver such Deliverable Obligations.

- (C) In the case of a Customer Buy RAST and Customer Sell RAST where the relevant Participating Bidder or PB Auction Affiliate has determined that there is no corresponding Direct RAST and the Deliverable Obligations specified in the Notice of Physical Settlement (or the NOPS Amendment Notice, as the case may be) for such Customer Buy RAST are identical to some or all of the Deliverable Obligations specified in the Notice of Physical Settlement (or the NOPS Amendment Notice, as the case may be) for the Customer Sell RAST, then the Participating Bidder or PB Auction Affiliate (as applicable) may designate the Customer Buy RAST and Customer Sell RASTs as Related RASTs in respect of each other.

If the relevant Deliverable Obligation specified in the Notice of Physical Settlement (or the NOPS Amendment Notice, as the case may be) is a Loan, then the effect of such designation is that the customer under the Customer Buy RAST will Deliver and otherwise perform the obligations of the Buyer to Deliver such Deliverable Obligations under the terms of the Customer Sell RAST.

Each person that is required to Deliver and otherwise perform the obligations of a Buyer under a Representative Auction-Settled Transaction under these provisions is a "**Buyer's Designee**" for the purpose of such Representative Auction Settled Transaction.

2. Seller's Designees

- (A) In the case of a Direct RAST, if the Deliverable Obligations specified in the Notice of Physical Settlement (or the NOPS Amendment Notice, as the case may be) for such Direct RAST are identical to some or all of the Deliverable Obligations specified in the Notice of Physical Settlement (or the NOPS Amendment Notice, as the case may be) for any Customer Sell RAST, then Seller under the Direct RAST may designate such Direct RAST and Customer Sell RAST as Related RASTs in respect of each other.

If the relevant Deliverable Obligation specified in the Notice of Physical Settlement (or the NOPS Amendment Notice, as the case may be) is a Loan, then the effect of such designation is that the relevant customer under the Customer Sell RAST (or any designee of such customer under such Customer Sell RAST pursuant to (2)(D) below) will take Delivery and otherwise perform the obligations of the Seller under the Direct RAST to take Delivery of the relevant Deliverable Obligations.

- (B) In the case of a Customer Buy RAST where the Deliverable Obligations specified in the Notice of Physical Settlement (or the NOPS Amendment Notice, as the case may be) for such Customer Buy RAST are identical to some or all of the Deliverable Obligations specified in the Notice of Physical Settlement (or the NOPS Amendment Notice, as the case may be) for a Direct RAST, Seller under the Customer Buy RAST may designate the Customer Buy RAST and the Direct RAST as Related RASTs in respect of each other.

If the relevant Deliverable Obligation specified in the Notice of Physical Settlement (or the NOPS Amendment Notice, as the case may be) is a Loan, then the effect of such designation is that either:

- (x) the Seller under the Customer Sell RAST that is also a Related RAST in respect of such Direct RAST; or
- (y) if there is no Customer Sell RAST that is a Related RAST in respect of the Direct RAST, the Seller under the Direct RAST,

will take Delivery and otherwise perform the obligations of the Seller under the Customer Buy RAST to take Delivery of the relevant Deliverable Obligations.

- (C) In the case of a Customer Buy RAST and Customer Sell RAST where the relevant Participating Bidder or PB Auction Affiliate has determined that there is no corresponding Direct RAST and the Deliverable Obligations specified in the Notice of Physical Settlement (or the NOPS Amendment Notice, as the case may be) for such Customer Buy RAST are identical to some or all of the Deliverable Obligations specified in the Notice of Physical Settlement (or the NOPS Amendment Notice, as the case may be) for the Customer Sell RAST, then the Participating Bidder or PB Auction Affiliate (as applicable) may designate such Customer Buy RAST and Customer Sell RAST as Related RASTs in respect of each other.

If the relevant Deliverable Obligation specified in the Notice of Physical Settlement (or the NOPS Amendment Notice, as the case may be) is a Loan, then the effect of such designation is that the customer under the Customer Sell RAST will take Delivery and otherwise perform the obligations of the Seller under the Customer Buy RAST to take Delivery of the relevant Deliverable Obligations.

- (D) In the case of a Customer Sell RAST where the relevant Deliverable Obligation is a Loan, Seller thereunder may also designate any third party a "**Seller Third Party designee**" to take Delivery and otherwise perform its obligations to take Delivery of such Loan with respect to a Credit Derivative Transaction.

Each person that is required to take Delivery and otherwise perform the obligations of a Seller under a Representative Auction-Settled Transaction under these provisions is a "**Seller's Designee**". Each person designated as a Seller's Designee or a Buyer's Designee is a "**Designee**".

In addition, any part of any Representative Auction-Settled Transaction may be designated as a Related RAST in respect of any other Representative Auction-Settled Transaction (or part thereof). The designation mechanics in respect of both Buyers and Sellers set out above shall apply *mutatis mutandis* in respect of such designation in respect of part of a Representative Auction-Settled Transaction as a Related RAST. Accordingly, there may be more than one Related RAST in respect of another Representative Auction-Settled Transaction. The Cash Settlement process under Section 9.6 above will also apply separately in respect of each such portion of a Representative Auction-Settled Transaction designated as a Related RAST *mutatis mutandis*.

Each party should make such designation as soon as practicable following delivery of the relevant Notice of Physical Settlement (or NOPS Amendment Notice, as the case may be) under the relevant Representative Auction-Settled Transaction by

giving notice of such designation to the other party to each of the Representative Auction-Settled Transactions being designated as Related RASTs. Such notice shall be in writing and shall otherwise be subject to the requirement regarding notices set forth in Section 1.38 (*Requirements Regarding Notices*).

When making any such designation in accordance with the above, the party making the designation may identify the designee either by name or by reference to a unique identifier agreed upon between the two parties (a "**designee identifier**"), provided that in the case of Seller's designee that will take direct Delivery of a Loan (if any) sufficient details (such as details of a nominee or an account number) are provided so as to enable effective Delivery of a Loan to be made to such designee.

If a designee is identified by a designee identifier, then if Section 9.6 (*Partial Cash Settlement Terms*) applies and the designee wishes to participate in the Quotation process, such designee must identify itself in accordance with those provisions. For the avoidance of doubt, if a designee does not participate in the Quotation process, then the applicability of any Final Price determined by such process shall not be affected and will still be binding upon such designee under any Related RAST or Direct RAST.

Each of Buyer and Seller under the Direct RAST may designate more than one designee with respect to a portion of the Credit Derivative Transaction and the provisions above shall apply to each such designee *mutatis mutandis* with respect to the relevant portion of the Credit Derivative Transaction. Accordingly, there may be more than one Related RAST in respect of another Related RAST or a Direct RAST and the designation mechanics and Cash Settlement process under Section 9.6 above will apply separately in respect of such portion *mutatis mutandis*.

If the Deliverable Obligations specified in the Notice of Physical Settlement (or the NOPS Amendment Notice, as the case may be) for a Representative Auction-Settled Transaction are identical to some or all of the Deliverable Obligations specified in the Notice of Physical Settlement (or the NOPS Amendment Notice, as the case may be) for more than one other Representative Auction-Settled Transaction such that there is a choice as to whom to designate, then the Participating Bidder and/or PB Auction Affiliate will have sole discretion when determining which Representative Auction-Settled Transactions are designated as Related RASTs.

Delivery of Loans

In relation to the Delivery or taking Delivery of a Deliverable Obligation that is a Loan under these designation provisions, the party that has not made the designation may, by delivery of a notice (a "**Revocation Notice**") to the other party under the Representative Auction-Settled Transaction confirm that it rejects the relevant Designee either Delivering or taking Delivery of the relevant Loan on behalf of the party that made such designation. Such Revocation Notice must be delivered within one Business Day of any effective designation being made in accordance with this Section 11.2(c)(iv) (*Additional Representations and Agreements for Physical Settlement*) (such Revocation Notice may be by telephone and shall be subject to the requirements regarding notices set forth in Section 1.38 (*Requirements Regarding Notices*)). Such Revocation Notice must be copied to each party under each Related RAST (or in the case where a designee is identified by a designee identifier, by notice to the relevant Participating Bidder under the Direct RAST, which Participating Bidder will deliver such notice as soon as is reasonably practicable to the designee in accordance with Section 1.38 (*Requirements Regarding Notices*)).

If a Revocation Notice is received by the relevant parties, the Buyer and/or Seller, as relevant, shall each resume its obligations under the relevant Credit Derivative

Transaction, provided that Buyer and/or Seller, as relevant, may make a further designation in accordance with the preceding paragraphs (a "**Revised Designation**") within one Business Day of receipt of the Revocation Notice or Failed Delivery Notice (as defined below), as the case may be (such day, a "**Revised Designation Date**"). Notwithstanding the foregoing, each Representative Auction-Settled Transaction that has been designated as a Related RAST will continue to constitute a Related RAST for the purposes of any Cash Settlement under Section 9.6 and the consequences thereof unless another designation is successfully made in which case the original designation shall cease to apply for all purposes.

In relation to the Delivery or taking Delivery of a Deliverable Obligation that is a Loan under these designation provisions, if Buyer and/or Seller under a Direct RAST (or the Participating Bidder or PB Auction Affiliate where there is no corresponding Direct RAST) make a designation with respect to which no Revocation Notice is received, each Related RAST shall be a "**Designated Transaction**" and the designee shall assume the obligation to Deliver or take Delivery of the relevant Deliverable Obligations in respect of which such designation is made, as the case may be. Such assumption by the designee shall relieve Buyer of the obligations of Buyer to Deliver and/or Seller of the obligations of Seller to take Delivery, as the case may be, provided that if Delivery does not occur before the day that is five Business Days after the Physical Settlement Date, any designation that has been made shall cease to have effect (except for the purposes of Cash Settlement under Section 9.6 and the consequences thereof) and Buyer and Seller shall each resume its obligations under the relevant Credit Derivative Transaction. If a designee will Deliver or take Delivery of a Deliverable Obligation that is a Loan, the obligation to pay the Physical Settlement Amount under the Direct RAST and each Related RAST remain obligations of the designator. However, payment of the Physical Settlement Amount may be made on behalf of the designator by the designee to the other party, in which case such payment shall relieve the designator of the obligation to pay the Physical Settlement Amount to the other party.

If and to the extent that a Credit Derivative Transaction is a Designated Transaction, if Buyer determines in its sole and absolute discretion that, having used reasonable efforts, Buyer is unable to Deliver to Seller's designee (if any), and/or reasonably believes that Buyer will be unable to Deliver to Seller's designee (if any) on or prior to the date that is five Business Days after the Physical Settlement Date, Buyer may instead notify Seller of such determination by delivery of a notice to Seller (a "**Failed Delivery Notice**"), which may be by telephone and which shall be subject to the requirements regarding notices in Section 1.38 (*Requirements Regarding Notices*), which is copied to each party under each Related RAST (or in the case where a designee is identified by a designee identifier, by notice to the relevant Participating Bidder under the Direct RAST, which Participating Bidder will deliver such notice as soon as is reasonably practicable to the designee in accordance with Section 1.38 (*Requirements Regarding Notices*)), and unless Seller makes a Revised Designation on or prior to the Revised Designation Date, Buyer and/or Seller, as relevant, shall each resume its obligations under the relevant Credit Derivative Transaction as if no such designation has occurred. Notwithstanding the foregoing, each Representative Auction-Settled Transaction that has been designated as a Related RAST will continue to constitute a Related RAST for the purposes of any Cash Settlement under Section 9.6 and the consequences thereof unless another designation is successfully made in which case the original designation shall cease to apply for all purposes.

Affiliate Designations and designations due to impossibility or illegality

Notwithstanding the above, with respect to any Deliverable Obligation or any Composite Package in respect of a Deliverable Obligation, either party (the "**designator**") may in addition designate any of its Affiliates (the "**designee**") to

Deliver or take Delivery, as the case may be, and otherwise to perform such party's obligations to Deliver or take Delivery, as the case may be, in respect of a Credit Derivative Transaction and the designee may assume such obligations.

In addition in the case where (1) it is impossible or illegal for the designator to Deliver or take Delivery in respect of a Credit Derivative Transaction; (2) the designator is not able to hold a relevant asset forming part of the Composite Package in respect of a Deliverable Obligation (whether due to a legal restriction or an investment restriction or otherwise); or (3) a designator is not willing to enter into an agreement required to be eligible to hold an asset forming part of the Composite Package in respect of a Deliverable Obligation, then the designator may designate any third party to whom the non-designating party consents and whom can Deliver or accept Delivery, provided that the non-designating party will not unreasonably withhold such consent and provided further that such consent will be deemed given in the case where the relevant designee is a Participating Bidder for whom it is possible to Deliver or accept Delivery of the relevant Deliverable Obligations.

Such designation shall not relieve the designator of any of its obligations under such Credit Derivative Transaction. If the designee has performed the obligations of the designator under such Credit Derivative Transaction, then the designator shall be discharged of its obligations to the other party to the extent of such performance. If, as a result of such designation, (A) it would be illegal due to any applicable law or regulation for the designee to so Deliver or take Delivery, the designator shall not be permitted to designate such designee to Deliver or to take Delivery or (B) such Delivery would give rise to any Tax or any loss or cost to the non-designating party, then the designator shall not be permitted to designate such designee to Deliver or to take Delivery unless the non-designating party has received an indemnity acceptable to it from the designating party with respect to such Tax, loss or cost.

If a designation is effected under this sub-paragraph, then each reference to designating a Buyer or Seller under the remainder of this Section 11.2(c)(iv) as a Buyer Designee or a Seller Designee will include designating the person designated under this sub-paragraph."

- (xxvii) The 60 Business Day Cap on Settlement shall not be applicable with respect to any Relevant Transaction Type for which it would otherwise be applicable.

For the purposes of the Representative Auction-Settled Transaction only, the 2014 Definitions shall be deemed to include the following definitions:

- (i) "**Customer Buy RAST**" means a Representative Auction-Settled Transaction deemed to be created pursuant to Section 19 of the relevant Credit Derivatives Auction Settlement Terms between a Participating Bidder or its PB Auction Affiliate as Seller and its customer as Buyer.
- (ii) "**Customer Sell RAST**" means a Representative Auction-Settled Transaction deemed to be created pursuant to Section 19 of the relevant Credit Derivatives Auction Settlement Terms between a Participating Bidder or its PB Auction Affiliate as Buyer and its customer as Seller.
- (iii) "**Direct RAST**" means a Representative Auction-Settled Transaction between a Participating Bidder as Buyer and a Participating Bidder as Seller formed pursuant to the relevant Credit Derivatives Auction Settlement Terms.
- (iv) "**NOPS Cut-off Time**" means in relation to a Notice of Physical Settlement (or NOPS Amendment Notice) in connection with:

- (A) a Customer Buy RAST, 2:00 p.m. Relevant City Time;
 - (B) a Direct RAST, 4:00 p.m. Relevant City Time; and
 - (C) a Customer Sell RAST, 6:00 p.m. Relevant City Time.
- (v) A Representative Auction-Settled Transaction may be a "**Related RAST**" in respect of one or more other Representative Auction-Settled Transactions as set out in Section 11.2(c)(iv) of the 2014 Definitions as amended by these Credit Derivatives Auction Settlement Terms. Such designation may apply to part of a Representative Auction-Settled Transaction. Accordingly, it is possible for a Representative Auction-Settled Transaction to have multiple Related RASTs and for a Representative Auction-Settled Transaction to be a Related RAST for more than one other Representative Auction-Settled Transaction and the provisions of these Credit Derivatives Auction Settlement Terms shall apply mutatis mutandis in relation to each portion.

A reference in these Credit Derivatives Auction Settlement Terms to a "chain of Related RASTs" means each of:

1. the relevant Customer Buy RAST, Direct RAST and Customer Sell RAST (or, in each case, part thereof) that are Related RASTs in respect of each other; and
2. where there is no corresponding Direct RAST, the relevant Customer Buy RAST and Customer Sell RAST that are Related RASTs in respect of each other.

Supplement to Auction Settlement Terms

If, either (i) the relevant Credit Derivatives Determinations Committee decides that it would facilitate settlement of any Representative Auction-Settled Transactions; (ii) the relevant Auction Date has not yet occurred at the time the Supplement is published; or (iii) to address any event that would change the nature of the assets forming part of the Composite Package, including without limitation an event which would have a dilutive effect on the Composite Package, then in each case the relevant Credit Derivatives Determinations Committee may publish a supplement to these Credit Derivatives Auction Settlement Terms (the "**Supplement**"). The Supplement will automatically amend the terms of any Representative Auction-Settled Transactions (including, without limitation, any Auction RAST and Customer RAST) under which the Deliverable Obligations have not yet been delivered.

Terms relating to Composite Package

The provisions in this section headed "*Terms relating to Composite Package*" shall prevail over any other term of these Credit Derivatives Auction Settlement Terms or any Representative Auction-Settled Transaction (except for any provision included in any Supplement to these Credit Derivatives Auction Settlement Terms published by the Credit Derivatives Determinations Committee which is expressed to prevail over these provisions):

References in this Terms Relating to Composite Package to the "**SUNs**" are to the Deliverable Obligations listed on the Final List with Deliverable Obligation numbers [6], [7] and [8].

1. Submission of Customer Physical Settlement Requests and Customer Limit Order Submissions

A customer submitting a Customer Physical Settlement Request or a Customer Limit Order Submission to a Participating Bidder or a PB Auction Affiliate must, if required by the relevant Participating Bidder or a PB Auction Affiliate, demonstrate to the satisfaction of such Participating Bidder or PB Auction Affiliate that:

- (i) in the case of a customer submitting a Physical Settlement Sell Request or a Limit Offer that (i) it, or as applicable its Designee, has executed a joinder agreement to any applicable shareholders agreement required to Deliver the assets forming part of the Composite Package in respect of the SUNs (and, if

requested by the relevant Participating Bidder or PB Auction Affiliate, provide such Participating Bidder or PB Auction Affiliate with a copy of the relevant executed joinder agreement), or (ii) it irrevocably agrees that it will not specify any of the SUNs in its Notice of Physical Settlement or any NOPS Amendment Notice; and

- (ii) in the case of a customer submitting a Physical Settlement Buy Request or a Limit Bid that it, or as applicable its Designee, has entered into any applicable any applicable shareholders agreement required to take Delivery of the assets forming part of the Composite Package in respect of the SUNs (and, if requested by the relevant Participating Bidder or PB Auction Affiliate, provide such Participating Bidder or PB Auction Affiliate with a copy of the relevant executed joinder agreement) and that such customer or its Designee can take Delivery of the relevant Composite Package in accordance with such shareholders agreement and the applicable constitutional documents of Ardagh Holdings S.A..

A customer may not submit a Customer Physical Settlement Request or a Customer Limit Order Submission in a size such that, together with any other Customer Physical Settlement Request or a Customer Limit Order Submission of such customer, would give rise to any drag along or tag along provisions or additional transfer restrictions under any applicable shareholders' agreement or the constitutional documents that would not otherwise apply but for the aggregate size of the relevant customer's Customer Physical Settlement Requests and/or Customer Limit Order Submission.

If a customer does not comply with this provision, then notwithstanding the other terms of these Auction Settlement Terms, the Participating Bidder or its PB Auction Affiliate is not required to accept the relevant Customer Physical Settlement Request or Customer Limit Order Submission, *provided* that nothing in this paragraph prohibits the relevant Participating Bidder or PB Auction Affiliate from agreeing alternative fallback arrangements with such customer in order to accept the relevant Customer Physical Settlement Request or Customer Limit Order Submission. In respect of a Customer RAST where the customer is acting as the Seller, such alternative fallback arrangements may include (i) entering into sub-participation arrangements or total return swaps or other instruments that pass on the economic exposure to the Composite Package to the relevant customer (provided that such arrangements comply with the terms of any applicable shareholders agreement); (ii) the relevant Participating Bidder or PB Auction Affiliate disposing of the assets forming part of the Composite Package and an amount being payable between the parties to the relevant Customer RAST representing the difference between the net disposal proceeds (after all applicable taxes, fees and expenses) and the Physical Settlement Amount that would have been paid under the Customer RAST (such that if the net disposal proceeds are higher than the Physical Settlement Amount, the Buyer under the relevant Customer RAST will pay such excess amount to the Seller and if the if the net disposal proceeds are lower than the Physical Settlement Amount, the Seller shall pay the shortfall to the Buyer); and/or (iii) the customer compensating the Participating Bidder or PB Auction Affiliate for funding costs related to the delayed settlement of the relevant Customer RAST. The terms of any such fallback arrangement will need to be separately agreed between the relevant customer and the Participating Bidder or its PB Auction Affiliate and, without limiting the foregoing, such arrangements will be subject to any KYC, credit, and other applicable policy requirements of the relevant Participating Bidder or PB Auction Affiliate.

2. Delivery of Composite Package

If the relevant Deliverable Obligation to be Delivered under the Representative Auction-Settled Transaction is any of the SUNs, then these Terms relating to Composite Package shall apply such that:

- (i) For all purposes, the Outstanding Principal Balance of the SUNs will be deemed to be converted into EUR at the exchange rate of £1.00 = €1.14385 and \$1.00 = € 0.85715. This will prevail over all other currency conversion mechanic in these Auction Settlement Terms and for the purposes of the Representative Auction-Settled Transaction, the SUNs will be deemed to be denominated in EUR.
- (ii) The Buyer under the Representative Auction-Settled Transaction will Deliver the Composite Package corresponding to the relevant Deliverable Obligation in lieu of Delivery of the relevant Deliverable Obligation. Such Buyer, or its Designee, will be required to Deliver the Composite

Package in a manner permitted pursuant to the terms of any applicable shareholders' agreement and the constitutional documents of Ardagh Holdings S.A..

- (iii) The "**Composite Package**" in respect of a Deliverable Obligation will correspond to the assets that replaced the relevant Outstanding Principal Balance of such Deliverable Obligation upon implementation of the Restructuring in respect of the Reference Entity. In respect of each of the SUNs, the Composite Package consists of common equity of Ardagh Holdings S.A. (being a company incorporated under the laws of Luxembourg and registered with the Luxembourg trade and companies' register under number B131609 and formerly known as Yeoman Capital S.A.). The assets forming part of the Composite Package must be Delivered in the same amount that corresponded to the treatment of the original SUN under the Restructuring (including any applicable rounding convention). In respect of each of the EUR Outstanding Principal Balance of such SUN to be Delivered, this corresponds to the Relevant Pro-rata Portion of 92,500,000 shares. The "**Relevant Pro-rata Portion**" is the proportion represented by such amount of the relevant SUN to be Delivered compared with the total EUR Outstanding Principal Balance of all of the SUNs. For the avoidance of doubt, such assets must be Delivered in the form of shares, as opposed to warrants, for the purposes of any Representative Auction-Settled Transaction.⁵
- (iv) To the extent that the assets constituting the Composite Package that are Delivered are less than the Composite Package calculated in respect of the full Outstanding Principal Balance of the relevant Deliverable Obligation due to be Delivered, then only the portion of the Outstanding Principal Balance of the relevant Deliverable Obligation that corresponds to such smaller Composite Package shall be deemed to be Delivered by the Delivery of the Composite Package.

In respect of (A) a Notice of Physical Settlement; (B) a NOPS Amendment Notice; and/or (C) a notice delivered by a Seller requiring the Buyer to deliver Deliverable Obligations under Section 8.2 of the 2014 Definitions, the amount of each Bond specified in such notice as the Deliverable Obligation to be Delivered must be equal to an integral multiple in which such Bond could have been transferred. The Composite Package will be determined by reference to such amount. If any asset that forms part of the Composite Package can only be transferred in a certain denomination and such denomination differs from the amount that would otherwise apply under these Composite Package provisions, then the quantum of the relevant asset forming part of the Composite Package will be rounded down such that it can be transferred in accordance with such denomination requirements.

- (v) The common equity that makes up the Composite Package must be Delivered through a major international clearing system (such as DTC or Euroclear). For the avoidance of doubt, this includes, without limitation, both (A) delivery of the common equity to a custodian who holds in the relevant clearing system and such custodian in turn holds for the recipient; and (B) instructing the custodian who already holds the common equity in the clearing system to hold it for the recipient following the transfer.
- (vi) Any transfer fees required to transfer any asset within the Composite Package will be payable by the Seller under the relevant Representative Auction-Settled Transaction.
- (vii) If such Representative Auction-Settled Transaction forms part of a chain of Representative Auction-Settled Transactions which remain outstanding, the parties to such chain of Representative Auction-Settled Transactions that are willing to be identified to the other parties in such chain shall consult with each other to determine whether or not directed settlement of such asset forming part of the Composite Package is practicable (such that the Buyer under the first outstanding Representative Auction-Settled Transaction delivers directly to the Seller under a subsequent Representative Auction-Settled Transaction in the chain), provided that there is no obligation on any such party to agree to such directed settlement.

⁵ *Note to the draft Auction Settlement Terms:* The conversion figures used are those published in the documentation prior to the mandatory exchange. Should any Eligible Market Participant have different information as to the conversion figures, please provide such details and evidence to the EMEA DC for consideration.

- (viii) A Participating Bidder or a PB Affiliate may notify the other party to an Auction RAST or Customer RAST that settlement of such Auction RAST or Customer RAST is being postponed and the Physical Settlement Date is postponed if such Participating Bidder or PB Affiliate determines that such postponement is reasonably required (A) such that the relevant Participating Bidder, PB Affiliate or any Affiliate of such entities does not exceed any limit or restriction on holding the assets that make up such Composite Package (including, without limitation (x) any internal limits or restrictions under any internal policies and procedures; and (y) any limits under any applicable shareholders agreement where exceeding such limit would either not be permitted or would result in additional obligations or restrictions under such shareholders agreement); or (B) otherwise to manage any resulting legal, regulatory or accounting obligations of the relevant Participating Bidder, PB Affiliate or any Affiliate of such entities (including, without limitation, (I) to mitigate the risk of such additional obligations arising or to prevent such obligations arising; or (II) to mitigate the risk of, or to prevent, the relevant Participating Bidder or PB Affiliate becoming an affiliate of Ardagh Holdings S.A. for any purpose). Such postponement shall be for such period that the relevant Participating Bidder or PB Affiliate determines is reasonably necessary for the purposes set out above, provided that settlement may be postponed on more than one occasion if the relevant circumstances are still continuing.

If a Participating Bidder or a PB Affiliate is party to an Auction RAST or a Customer RAST for which settlement has been postponed under this sub-paragraph (vi) (the "**Postponed RAST**") and either such Participating Bidder or any PB Affiliate intends to on-Deliver the relevant Composite Package to be Delivered under such Postponed RAST under another Auction RAST or Customer RAST, then such settlement of such other Auction RAST or Customer RAST and the Physical Settlement Date thereunder may also be postponed such that it occurs no earlier than when settlement occurs under the Postponed RAST. For the avoidance of doubt, settlement of a Customer Buy RAST, Direct RAST or Customer Sell RAST may be postponed pursuant to this provision.

- (ix) Without prejudice to "*Terms relating to Composite Package – Submission of Customer Physical Settlement Requests and Customer Limit Order Submissions*", subject to it being unlawful or impossible or the relevant Seller being prohibited by an investment restriction applicable to it under its constitutional documents or, in the case of a fund or other account managed by an asset manager, the documentation establishing such fund or other account and/or governing its management, including its investment policy or guidelines, the Seller will enter into any documentation (such as any shareholders agreement) required to take delivery of any asset forming part of the Composite Package.
- (x) Subject to the terms of these Credit Derivative Auction Settlement Terms, including the "Terms relating to Composite Package", references in Section 11.2 (*Additional Representations and Agreements for Physical Settlement*) of the 2014 Definitions to Deliverable Obligation(s) will be construed as references to the relevant assets forming part of the Composite Package, *mutatis mutandis*.

3. Buy-in pursuant to Terms relating to Composite Package

The "**Buy-in Conditions**" in respect of any Deliverable Obligation to be Delivered by Delivery of the Composite Package are (i) such failure to Deliver is not due to an event described in Section 9.1 (*Partial Cash Settlement Due to Impossibility or Illegality, Partial Cash Settlement of Deliverable Obligation which is a Loan Due to no Delivery*); (ii) at least 5 Business Days have elapsed since the Physical Settlement Date; and (iii) Delivery of the Composite Package or any part thereof has not failed due to an action or inaction of the Seller or an administrative agent, facility agent or other analogous entity involved in the process for transferring the relevant assets comprised in the Composite Package.

If the Buy-in Conditions are satisfied, then the following provisions shall apply:

At any time after the date that is five Business Days after the date on which the Buy-in Conditions are satisfied, if Buyer has not Delivered the assets forming part of the Composite Package in the correct proportions in respect of the relevant Deliverable Obligation, Seller may exercise a right to close-out all or a portion of the Credit Derivative Transaction by the purchase of the relevant assets comprised in such Composite Package that have not been Delivered (a "buy-in").

Seller will provide Buyer two or more Business Days' notice (which may be provided prior to the expiration of the five Business Day period after the date on which the Buy-in Conditions are satisfied) of its intention to buy-in (a "Buy-in Notice"), specifying the date of the anticipated buy-in (the "Buy-in Date"), the Outstanding Principal Amount of the relevant Deliverable Obligation that is being bought in and the corresponding undelivered assets comprised in the Composite Package in respect of such Outstanding Principal Amount of the relevant Deliverable Obligation (to the extent that such assets are not Delivered prior to the Buy-in Date, the "Relevant Assets") sought to be bought-in.

On the Buy-in Date, Seller shall attempt to obtain from five or more Dealers firm quotations for the sale ("Buy-in Offers") of the relevant amount of the Relevant Assets (together with any accrued interest thereon). If the Relevant Assets comprise more than one type of asset then the firm quotations can be sought from separate Dealers in respect of each type of asset but must be sought on the same date.

The lowest Buy-in Offer or, if Seller obtains only one Buy-in Offer, such Buy-in Offer, for the relevant amount of the Relevant Assets shall be the "Buy-in Price". If the Relevant Assets comprise more than one type of asset, then the Buy-in Price shall reflect the price of buying in each such asset. If Seller is unable to obtain a Buy-in Offer for the relevant amount of the Relevant Assets from at least one Dealer on the relevant Buy-in Date (or, if the Relevant Assets include more than one type of asset, a Buy-in Offer for each such type of asset in each case from at least one Dealer), Seller will attempt to obtain Buy-in Offers for all or a portion of the specified amount of the Relevant Assets (provided that where the Relevant Assets comprise more than one type of asset, such amount is in the correct proportion that reflects the Composite Package) from five or more Dealers on each Business Day following the Buy-in Date until the earlier of (a) the fourth Business Day (inclusive) following such Buy-in Date and (b) the date a Buy-in Price or Prices are determined for all of the relevant amount of the Relevant Assets (such period commencing on the Buy-in Date, the "Buy-in Period"). Seller will conduct the buy-in in a commercially reasonable manner and in accordance with the procedures set forth herein.

Buyer's right to Deliver the specified relevant amount of the Relevant Assets shall be suspended only during the Buy-in Period and shall recommence on the first Business Day following the end of the Buy-in Period to the extent Seller has not determined a Buy-in Price or Prices for the amount of the Relevant Assets that was sought to be bought-in. Seller shall commit to purchase such amount of the Relevant Assets at the applicable Buy-in Price or Prices (provided that where the Relevant Assets consist of more than one type of asset, the Seller must purchase the Relevant Assets in the relevant proportion provided for in the Composite Package). Thereafter, to the extent a Buy-in Price has not been determined during a Buy-in Period with respect to all of the Relevant Assets, on or at any time after the sixth Business Day after such Buy-in Period, Seller may give another Buy-in Notice for purposes of commencing another Buy-in Period for the Relevant Assets in accordance with the procedures set forth herein. This process may be repeated until the final settlement of the Credit Derivative Transaction.

On the date a Buy-in Price is determined (or as soon as practicable thereafter), Seller will provide notice of the relevant amount of the Relevant Assets for which a Buy-in Price or Prices were determined and the Buy-in Price or Prices therefor. On the third Business Day following such notice, Buyer will be deemed to have Delivered the Relevant Assets forming part of the Composite Package for which a Buy-in Price was determined and the relevant corresponding Outstanding Principal Balance of the relevant Deliverable Obligation corresponding to such Composite Package; and (ii) an amount equal to the product of (A) the Outstanding Principal Balance of the relevant Deliverable Obligation that corresponds to the Composite Package that has been Delivered; and (B) in the case where the Buy-in Price is equal to or greater than the Auction Final Price, the excess, if any, of the Buy-in Price over the Auction Final Price (expressed as a positive amount) and otherwise the excess of the Auction Final Price over the Buy-in Price (expressed as a negative amount) plus (C) any reasonable brokerage costs, stamp duty and/or financial transaction tax incurred by Seller in connection

with any purchases by it of the Relevant Assets as part of the buy-in, if positive, will be payable by Buyer to Seller or, if negative, the absolute value thereof will be payable by Seller to Buyer.

Unless otherwise agreed by Buyer and Seller, Section 9.7 shall replace any otherwise applicable buy-in rules.

4. Cash Settlement pursuant to Terms Relating to Composite Package

In respect of any Delivery of the SUNs, Section 9.1 of the 2014 Definitions (*Partial Cash Settlement due to Impossibility or Illegality, Partial Cash Settlement of Deliverable Obligation which is a Loan Due to no Delivery*), (i) in respect of a Customer RAST between a customer and a Participating Bidder or PB Auction Affiliate, the provisions of Section 9.1 (*Partial Cash Settlement due to Impossibility or Illegality, Partial Cash Settlement of Deliverable Obligation which is a Loan Due to no Delivery*) shall be subject to, and apply only after the application of, any applicable fallback arrangements agreed between the relevant customer and Participating Bidder or PB Auction Affiliate pursuant to "*Terms relating to Composite Package – Submission of Customer Physical Settlement Requests and Customer Limit Order Submissions*"; and (ii) if Section 9.1 of the 2014 Definitions (*Partial Cash Settlement due to Impossibility or Illegality, Partial Cash Settlement of Deliverable Obligation which is a Loan Due to no Delivery*) is applicable, then the references therein and in Section 9.6 (*Partial Cash Settlement Terms*) to Delivery of the relevant Deliverable Obligations will be deemed to reference the Delivery of the Composite Package, the Undeliverable Obligations will be deemed to be the relevant assets making up the Composite Package that has not been Delivered, the references therein to the amount, or Outstanding Principal Balance, of the relevant Deliverable Obligation or Undeliverable Obligations will be deemed to reference the amount of the corresponding assets making up the Composite Package and each other provision therein shall be construed accordingly taking into account that the Deliverable Obligations were due to be Delivered by way of Delivery of the Composite Package. For the avoidance of doubt, the amount of any quotation will be determined for the purposes of Section 9.1 of the 2014 Definitions (*Partial Cash Settlement due to Impossibility or Illegality, Partial Cash Settlement of Deliverable Obligation which is a Loan Due to no Delivery*) net of any reasonable brokerage costs, stamp duty and/or financial transaction tax, if applicable.
